PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 9th August 1909.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 38 OF 1908-09.

Appellant	*vs.*	Respondent
Boregowda of Gondenahalli, Nagamangala Taluk		Jogigowda.

Subject.

Appeal against the order of the Deputy Commissioner of the Mysore District regarding the pateli office of the Gondenahalli village in the Nagamangala Taluk.

Facts of the case.

The pateli office of the Gondenahalli village in the Nagamangala Taluk originally stood in the name of one Kodigowda. He had three sons, *viz.*, Ningegowda (petitioner's father), Jogigowda (respondent), and one Kempa. Owing to Kodigowda's incapacity for work on account of old age, the petitioner's father Ningegowda had been doing the work as gumasta till 1897 when he died. Jogigowda (respondent) was then appointed to do the duties of the pateli office as gumasta, and subsequently, on recommendation, he was appointed permanently to the office in question on the ground that he had already held it for eight years and that the petitioner was only nineteen years old.

The Assistant Commissioner further directed that Boregowda's claim might be taken into consideration when the office becomes vacant. Boregowda then preferred an appeal to the Deputy Commissioner, who on 21st February 1908 confirmed the Assistant Commissioner's order with an observation that Boregowda would be entitled to the office after the death of Jogigowda or after he resigns office and that after Jogigowda's death his son will have no claim to the pateli office in question.

Hence the appeal.

This is a case withdrawn from the Revenue Commissioner's file under Section 210A of the Land Revenue Code. It came on for hearing on the 22nd June 1909, when the respondent was absent though notice had been served on him.

Decision.

There is no law that the pateli should always go to the eldest branch of a family. The respondent as being the best of the available candidates was appointed patel, though the appellant happened to be his elder brother's son. The latter cannot therefore oust him now but may get the office at the next vacancy.

This appeal will be dismissed.

MEMO No. R. 1256-64—L. R. 492-08-2, DATED 9TH AUGUST 1909.

Copies of the above are forwarded to the Deputy Commissioner of the Mysore District together with the records received with his letter No. 351, dated the 20th October 1908; to the Deputy Commissioners of other Districts and the Revenue Commissioner in Mysore for information.

Proceedings of the Government of His Highness the Maharaja of Mysore

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 106 OF 1908.

Appellant	*Vs.*	Respondent
Muniyappa of Sonnenahalli village, Malur Taluk		Kasi Chinnappa.

Subject.

Appeal against the order of the Deputy Commissioner, Kolar District, affirming the order of the Assistant Commissioner cancelling the vargarazinama presented by the respondent in favour of the appellant in respect of Survey No. 23 of Sonnenahalli village in the Malur Taluk.

Facts of the case.

On the 11th December 1906, the respondent, khatedar of Survey No. 23 in question (extent 3 acres 39 guntas, assessment Rs. 15), presented before the Amildar a vargarazinama in respect of the said land in favour of the appellant. Both the transferer and the transferee were present before the Amildar, who on the same date, *viz.*, 11th December 1906, accepted the vargarazinama and forwarded it to the shekdar for needful alterations being made in the accounts. The shanbhog to whom the order was intimated by the shekdar took note of the Amildar's order, but on 31st December 1906 the shekdar resubmitted the vargarazinama for orders of the Amildar with a report to the effect that when he communicated the order to the respondent, the latter (*viz.*, Kasi Chinnappa) prayed for cancellation of the said razinama on the ground that the survey number entered in the razinama was not correct and that one Krishnappa had a share in the land and that he would get the proper number transferred in due course. A written statement dated 16th December 1906 made by the respondent before the shekdar to that effect was also forwarded with the shekdar's report. The Amildar, however, declined on 6th January 1907 to cancel the vargarazinama on the ground that it had been already accepted by him.

On the 28th February 1907, the respondent applied to the Deputy Commissioner for cancellation of the razinama. This petition was forwarded for disposal to the Assistant Commissioner, who called for a report from the Amildar on 13th March 1907. The note, however, made in the Taluk Office seems to show that this order of the Assistant Commissioner was received by the Amildar only on 23rd March 1907. The required alterations are said to have been made in the accounts in the meantime and patta also was granted to the appellant on 18th March 1907. On the Amildar's report dated 25th March 1907, to the above effect, and on further correspondence, the Assistant Commissioner directed on 5th July 1907 the cancellation of the vargarazinama relying on the Government Order No. 8798—P. F. 2 of 1899, dated 3rd May 1901, passed in Appeal No. 13 of 1898-99. On appeal, the Deputy Commissioner on 7th April 1908 affirmed the Assistant Commissioner's order basing his order on Government Order No. 9488—P. 124, dated the 1st December 1891, passed in Appeal No. 155 of 18th April 1891. Hence the present appeal preferred to the Revenue Commissioner, which has come up for disposal by Government, the case having been withdrawn from the file of the Revenue Commissioner under Section 210A of the Mysore Land Revenue Code.

Decision.

The Amildar examined both the parties and accepted the razinama and issued an order to the shekdar to get the alteration made in the village accounts. The latter in his report stated that the previous khatedar raised an objection that the transfer had been made by mistake but the Amildar rightly overruled the objection and ordered the transfer to be registered. The Amildar's order was subsequently cancelled by the Assistant Commissioner and the Deputy Commissioner.

The transfer was virtually completed when the Amildar passed his final order and nothing remained to be done but to make a change in the khate of the village.

Land Revenue, dated 11th August 1909.

This was a mere ministerial act and the shekdar who had been ordered to see it effected went out of his way to question the previous khatedar again about the matter. The Amildar's order was therefore right and should not have been cancelled. The order of the Deputy Commissioner is set aside and it is directed that the khate be made out in the name of the appellant.

No. R. 1314-22—L. R. 490-08-2, DATED BANGALORE, 11TH AUGUST 1909.

Copies of the above decision are forwarded (1) to the Deputy Commissioner of the Kolar District, together with the records of the case received with his letter No. 5105—332, dated 1st February 1909, addressed to the Revenue Commissioner, (2) to the Revenue Commissioner in Mysore, and (3) to the Deputy Commissioners of other Districts, for information.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 88 OF 1908-09.

Appellant (2nd plaintiff)	*Vs.*	Respondents (Defendants)
Govinda Rao, (minor) by guardian A. Venkata Rao		1. Bheemanna 2. Venkappa *alias* A. B. Venkata Rao 3. Seenappa *alias* Sreenivas Rao 4. Krishna Murti 5. Ramachendra 6. Govinda. (2 to 6 sons of 1st respondent.)

Subject.

Appeal against the order of the Deputy Commissioner, Chitaldrug District, declining to execute the decree for payment to the appellant by the respondents of one-third of the potgi attached to the shanbhogi office of Sadarhalli firka, Holalkere Taluk.

Facts of the case.

The first defendant Bheemanna is said to be a younger brother of one Guru Rao (since dead) adoptive father of the 2nd plaintiff Govinda Rao, and the other defendants are all sons of the 1st defendant. In 1898-99* plaintiffs (Govinda Rao, the present appellant before Government, and his adoptive father Guru Rao, now dead), filed a revenue suit before the Court of the Treasury Assistant Commissioner, Chitaldrug District, to recover possession of the shanbhogi office of Sadarhalli firka in question from the defendants (respondents before Government). The case, however, was compromised and in accordance with the razinama filed by the parties, the Assistant Commissioner, Mr. Darasha, passed an order on the 2nd September 1901, to the effect that (1) the plaintiffs were hakdars to the shanbhogi office in question as admitted by the defendants, (2) that the 3rd defendant will be the registered shanbhog of the firka referred to as agreed to by both parties and (3) that the defendants will pay one-third of the potgi attached to the office to the plaintiffs as agreed to by the defendants. No decree, however, is said to have been written then, but on the 19th November 1907, the Assistant Commissioner, Mr. Chandy, framed a decree in terms of the order already passed by Mr. Darasha in 1901. The first plaintiff being dead, his adopted son, the 2nd plaintiff, applied to the Deputy Commissioner on 19th May 1908 for execution of the said decree and for payment to him of one-third of the potgi of the shanbhogi office for the years 1906-07 and 1907-08. The Deputy Commissioner, however, rejected the application on the authority of Government Order No. R. 1256—Rev. Mis. 621-04-7, dated the 27th July 1905, holding that the emoluments attached to the shanbhogi office were both inalienable and indivisible according to the potgi rules and that therefore the decree could not be enforced. Hence the present appeal to the Revenue Commissioner which has come up for disposal by Government, the case having been withdrawn from the Revenue Commissioner's file under Section 210 A of the Land Revenue Code.

* Revenue Case No. 1 of 1898-99.

2. The case came on for hearing on the 20th July 1909, when the appellant's guardian was present and was heard. The respondents were absent and a telegram had been received from the 2nd respondent praying for adjournment of the case on the ground of illness.

Decision

In a case instituted by the appellant's adoptive father and also the appellant, the parties entered into a compromise, and in accordance therewith an order was made by the Court that one-third of the potgi of the office of shanbhogi in question

Land Revenue, dated 17th August 1909.

should be paid to plaintiffs. No decree was apparently drawn up at the time, and in one drawn up in November 1907, it was directed that the defendants should pay one-third of the potgi to the plaintiffs. The minor now prays for execution of the decree and to recover the share due to him.

2. It is expressly laid down in the potgi rules and decided in many cases by Government that a village officer's remuneration is his exclusive perquisite on which no other member has a claim. The Assistant Commissioner who decided the case was therefore wrong in accepting such a compromise. Moreover a Revenue officer has no jurisdiction to pass a decree for payment of an annuity or to execute it. On these grounds the order of the Deputy Commissioner is affirmed and the present appeal dismissed.

No. R. 1524-32—L. R. 501-08-2, DATED BANGALORE, 17TH AUGUST 1909.

Copies of the above decision are forwarded (1) to the Deputy Commissioner, Chitaldrug District, together with the records received with his letter No. 251, dated the 7th November 1908, addressed to the Revenue Commissioner, (2) to the Revenue Commissioner in Mysore for information and (3) to the Deputy Commissioners of other Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 18th August 1909.

READ—

Correspondence ending with letter No. 689, dated 13th July 1909, from the Revenue Commissioner in Mysore, submitting docket No. 992, dated 26th June 1909, from the Deputy Commissioner, Bangalore District, furnishing further information regarding the accidental fire said to have broken out on the 15th February 1908, in Kalagondanahalli, Kankanhalli Taluk.

No. R. 1550-51—L. R. 185-08-182, DATED BANGALORE, 18TH AUGUST 1909.

ORDER THEREON.—From the vernacular correspondence it is observed that the fire occurred on the 15th February 1908, and not on 15th February 1909, as reported both by the Deputy Commissioner, Bangalore District, and the Revenue Commissioner. The first report submitted by the shekdar is dated 16th February 1908, and for want of full information it was returned four times from the Amildar's office and twice from the Deputy Commissioner's office. On account of this protracted correspondence, there was a delay of thirteen months in submitting the recommendation for the free grant of building materials to persons whose houses were destroyed by fire. The explanation of the Amildar (Mr. M. Ranganatha Rao) that the delay in making the report was due to the shekdar, is not satisfactory, as it was his duty to make the enquiry personally in such cases and see that the concessions were made available to the suffering raiyats as soon as possible. Relief, to be effectual, must be prompt and should not be made to wait the convenience of Government officers. Government therefore deprecate these delays and regret these repeated instances brought to their notice especially in the Bangalore District.

2. Ten houses are reported to have been burnt down, the estimated value of the property destroyed being Rs. 400. The Deputy Commissioner recommends the free grant of building materials to all the sufferers, though only four of them are entitled to the concession under the rules. The Conservator of Forests, who was consulted in the matter, is of opinion that the value of the materials recommended to be given to the sufferers is under-estimated and doubts the utility of making any grants after the lapse of seventeen months. Government are, however, pleased to sanction the free grant of building material to four of the sufferers noted in the margin, who are entitled to the concession under the rules, and direct that the materials be allowed to be removed from the Manjanatha Reserve Forest.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 113 OF 1908-09.

Appellant	*Vs.*	Respondent
Venkataramanaiya, shanbhog of Vitlapura village, Krishnarajpete Taluk.		Rangegowda, patel of Ichanahalli village.

Subject.

Appeal against the order of the Deputy Commissioner, Mysore District, declining to interfere with the order of the Assistant Commissioner, French Rocks Sub-Division, cancelling the first sale in favor of the appellant of a portion of gomal Survey No. 379 of Bukankere village, Krishnarajpete Taluk, and ordering a second sale in which the respondent is the purchaser.

Facts of the Case.

* Extent 102 acres and 16 guntas. Survey No. 379* in question is one of the gomal lands assigned to Bukankere village of the Krishnarajpete Taluk. The appellant, on the 14th December 1900, applied for the grant to him of 30 acres of land out of this survey number, and this application was disposed of in August 1905, the land having been ordered to be subdivided and sold by auction. Accordingly a portion measuring 30 acres and 21 guntas and provisionally assessed at Rs. 30-8-0 was marked off out of the said survey number and sold by the shekdar on the 25th October 1905. In the sale the land was knocked down to the appellant for Rs. 10. The sale was confirmed by the Amildar on the 30th November 1905 and the land was delivered to the appellant on the 7th December 1905.

2. On the 22nd January 1906 one Dyavegowda, a resident of Vitlapura village, complained to the Assistant Commissioner that the land was sold for a low price, and prayed for its resale, offering Rs. 50 as his bid. The raiyats of Bukankere and two other villages also presented a petition complaining that the sale was fraudulent. On the 5th March 1906, the Amildar submitted the sale records to the Assistant Commissioner, reporting also that as there was no irregularity in the sale complained of, he had already given over possession of the land to the purchaser. On the 8th March 1907, the Assistant Commissioner* recommended the cancellation of the saguvali chit issued to the appellant and the holding of a resale on the ground that the first sale appeared to be fraudulent, but the Deputy Commissioner on 27th November 1907 directed that the complaint of the objectors should be rejected. On receipt of a similar petition in the meantime the records were called for by the Deputy Commissioner† who in his order dated 15th March 1908 cancelled his previous order dated 27th November 1907 and left the Assistant Commissioner to decide the matter himself. The latter officer‡ thereupon on the 19th August 1908 ordered the cancellation of the first sale and the holding of a resale of the land by the Amildar himself in person. Fresh sale notification was accordingly issued on the 3rd September 1908, and an endorsement in terms of the Assistant Commissioner's order was also given by the Amildar to the appellant. The appeal against the above order, presented by the appellant to the Revenue Commissioner on the 11th September 1908, was returned to him on the very day for presentation to the Deputy Commissioner. The said appeal petition was accordingly presented to the Deputy Commissioner on the 12th September 1908, but was returned to the appellant with the Deputy Commissioner's endorsement thereon dated the 15th September 1908, to the effect that as orders had been already passed by him after full consideration the Assistant Commissioner's order could not be stayed. Hence the present second appeal to the Revenue Commissioner, which has come up for disposal by Government, the case having been withdrawn from the Revenue Commissioner's file under Section 210A of the Land Revenue Code.

Land Revenue, dated 19th August 1909.

3. The records show that at the second sale held on the 18th September 1908, the land was knocked down to the respondent for Rs. 305 but that no further action has been taken thereon. It is urged by the appellant in his appeal petition that he has paid till now three years kandayam on the land and has spent, besides, Rs. 40 on the land without getting any return. The case came on for hearing on the 13th July 1909, when both parties were present and were heard.

Decision.

The appellant was declared the purchaser and given a saguvali chit on the 7th December 1905. A petition objecting to the sale was presented on the 22nd January 1906 and was referred to the Amildar for report, which was received on the 5th March 1906. The Assistant Commissioner kept it for more than a year and on 8th March 1907 sent a report to the Deputy Commissioner recommending cancellation of the sale without giving any adequate reasons. After some further correspondence the Deputy Commissioner, apparently at the time of Jamabandi, passed an order on 27th November 1907 rejecting the petition of the objectors. This was communicated to the purchaser by an endorsement by the Amildar dated 10th January 1908. The objectors had in the meanwhile presented another petition to the Deputy Commissioner on 16th December 1907, repeating their prayer of cancellation of the sale; and thereupon, without giving any notice to the purchaser, the Deputy Commissioner passed an order cancelling his previous order and directing the Assistant Commissioner to decide the matter in such a manner as he might deem fit. The Assistant Commissioner thereupon, on the 19th August 1908, cancelled the sale on the same grounds as he had previously urged.

2. The appellant appealed to the Revenue Commissioner but was referred to the Deputy Commissioner. The latter officer declined to interfere, though on the erroneous ground that he had already considered and decided the matter. The present appeal has therefore rightly come up before the Revenue Commissioner.

3. The proceedings disclose a great deal of laxity and disregard of the rules of law and procedure. The original petition of objection was presented more than two months after the saguvali chit had been granted and might have been rejected on that ground even if such a petition could be regarded as an appeal. There was an unexplained delay of more than a year in the Assistant Commissioner's office, and even then, he sent up a most perfunctory report. When further reasons were asked for he was not able to show clearly in what manner and by whom any fraud as surmised by him had been committed. The Deputy Commissioner, who had already rejected the petition, should not have cancelled his order without giving notice to the purchaser. He was also wrong in leaving the matter to be decided by the Assistant Commissioner, as the case had been already submitted to him for decision by that officer.

4. It is quite possible that the appellant has obtained the field for less price than it deserves, but after this long delay and with so many grave irregularities in procedure it would be quite wrong to support the order that has been passed. The order for resale is therefore cancelled, and the appellant will be again put in possession of the field.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 19th August 1909.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL NO. 114 OF 1908-09.

Appellant	*Vs.*	Respondent
Venkata Setti *alias* Molla Setti.		Chennaveera Setti.

Subject.

Appeal against the order of the Deputy Commissioner, Mysore District, directing in reversal of the order of the Assistant Commissioner, the confirmation of the sale held for arrears of Revenue of Survey Nos. 210 and 211 of Veeranpura village, Gundlupet Taluk.

Facts of the case.

On account of the arrears of kandayam of Rs. 20-11-0 due from the khatedar (appellant) the lands referred to above were proceeded against, and at the sale held by the shekdar on the 2nd November 1907 they were knocked down to the respondent for Rs. 23-8-0. On the 18th November 1907, the appellant tendered to the Amildar the arrears due by him together with the notice fee and other charges and prayed for cancellation of the sale, urging that he was away from the village and had no knowledge of the sale. The amount offered was kept in deposit and the sale records were submitted for orders of the Assistant Commissioner, who on the 9th January 1908, directed the cancellation of the sale on the ground that the sale notification was not served on the khatedar's residence. On appeal, however, the Deputy Commissioner (Mr. Kantaraj Urs), in May 1908, reversed the order of the Assistant Commissioner and confirmed the sale with the observation that the Assistant Commissioner's statement that the sale notification was not served on the khatedar's residence was incorrect. Hence the present appeal to the Revenue Commissioner, which has come up for disposal by Government, the case having been withdrawn from the Revenue Commissioner's file under Section 210A of the Land Revenue Code. The appeal was heard on the 13th July 1909, when the appellant and the respondent were both present.

Decision.

The record does not show that the notices of sale of property sent for service on the khatedar's residence were actually so served. There is a statement in the original sale proclamation that the notice was sent and it is to this that the Deputy Commissioner refers in his order. It is necessary that each step taken should be clearly noted in the record. Section 172 of the Mysore Land Revenue Code requires that the notice of sale should be affixed on the defaulter's residence. As there is nothing to show that this was done, it cannot be held that the Assistant Commissioner was wrong in setting aside the sale. The Deputy Commissioner's order is therefore reversed.

As the purchaser was not at fault and has since ploughed the field he is entitled to compensation and the appellant agrees to pay Rs. 20 (twenty) on this account. The sale will be set aside on his doing so within three months from the date of this Order. In default, the appeal will stand dismissed. The purchase money and the kandayam paid by the purchaser may be refunded and arrears, if any, collected from the khatedar.

APPEAL No. 16 OF 1908-09.

Appellant	*Vs.*	Respondent
Javaregowda of Machavalalu village, Krishnarajpete Taluk		Narasimiah of Akkihebbal.

Subject.

Appeal against the order of the Deputy Commissioner, Mysore District, confirming the sale held for arrears of revenue of Survey No. 107 of Sarvamanya Machavalalu village in the Krishnarajpete Taluk.

Facts of the case.

One Javaregowda, patel of Sarvamanya Machavalalu village in the Krishnarajpete Taluk, having failed to pay the arrears of rent amounting to Rs. 41-13-9, due on his khate for the year 1904-05, the Inamdar, J. Surapandit, applied to the Divisional Officer for help under Section 97 of the Land Revenue Code.

A notice of demand was issued from the office of the Divisional Officer and served on the defaulter on 12th March 1906. Two dry lands bearing Survey Nos. 104 and 107 were subsequently declared to be forfeited and were sold by public auction on 30th October 1906, when one Barigat Narasimiah of Akkihebbal purchased the same for Rs. 109.

On the 3rd November 1906, Javaregowda submitted a petition to the Divisional Officer, Krishnarajpete Division, stating that the sale was a fraudulent one and that it was conducted during his absence. He further represented that he had already paid up the arrears to the Inamdar and that pending enquiry he would remit the amount noted in the notice to the Taluk Cutcherry. On the 12th November 1906, he accordingly remitted a sum of Rs. 45 to the Taluk Treasury and it was held under deposit. The Amildar submitted the sale records to the Divisional Officer for confirmation on 20th December 1906, but that officer on perusing the records cancelled the sale of both survey numbers, on the ground that the Inamdar had not been examined as to the amount paid by the petitioner Javaregowda. Thereupon Barigat Narasimiah preferred an appeal to the Deputy Commissioner on 8th March 1907, who confirmed the sale of Survey No. 107 and cancelled that of Survey No. 104 as the amount realized from the sale of one land covered the amount due.

Javaregowda submitted an application for review of the above order, but it was rejected on 9th January 1908; hence the appeal. This is a case withdrawn from the Revenue Commissioner's file under Section 210A of the Land Revenue Code. It came on for hearing on the 4th May 1909 when the parties were present.

Decision.

Under Section 98 of the Land Revenue Code, a summary enquiry ought to have been held in this case by the Deputy Commissioner himself and the Inamdar also examined. As this has not been done, the subsequent proceedings are all void and the sale is therefore cancelled.

No. R. 1420-61—AGRI. 25-09-1, DATED BANGALORE, 14TH AUGUST 1909.

ORDER THEREON.—As prices have not shown any improvement in the districts of Bangalore, Kolar, Tumkur and Kadur, the Government are pleased to direct that the extra allowance, the grant of which till the end of June 1909, was sanctioned in the Government Proceedings read above, shall be disbursed also for July 1909 in those four districts.

2. The Government also observe that ragi has been selling steadily below 12 seers per rupee in the Mysore District for the past seven or eight weeks. They therefore direct that the allowance shall be disbursed in that district also for the month of July 1909.

3. The directions contained in the above paragraphs are subject to the condition that the Deputy Commissioners concerned shall be at liberty to discontinue the allowance in taluks in which the price of ragi rules consistently at, or is not dearer than, 12 seers per rupee for a period of three consecutive weeks or more.

(1) Representative Assembly Subject No. 228 of 1904 and the reply of Government thereto :—

Subject.

It is requested that arrangements may kindly be made to lend the poor raiyats best seeds (paddy, ragi and jola) for sowing purposes, recovering the cost thereof after the harvest.

Government may try and find suitable agency to instruct the raiyats what to grow, when to grow, what seeds are the best, etc.

Reply of Government.

The exchange of good and useful seeds from one part to another is very desirable and raiyats may be encouraged to improve their crops. Some agency is necessary for this purpose. The matter will be considered.

(2) Letter No. 791, dated 12th July 1907, from the Revenue Commissioner in Mysore :—

" I have the honor to submit the following proposals with regard to the establishment of seed-depots in the State, as called for in your letter No. R. 9704—Agri. 6-05-20, dated 3rd May 1907.

2. The work of the seed depots may for the present, as observed, be confined to the collection and distribution of (*a*) good seeds of grains now being grown in the State, (*b*) good seeds of varieties of the said grains, which it is desirable to introduce and popularize in the State. In the latter class will be included only such varieties as it is known can be successfully grown in the Province. The supply may at first be restricted to the following grains and varieties thereof, *viz.*, paddy, ragi, gram, jolum, til, ground-nut, potato and cotton.

3. I would recommend the following procedure. The requirements of the respective districts should be ascertained by consultation with the Deputy Commissioners and the quantity to be indented for resolved upon by the Revenue Commissioner and the Agricultural Chemist. It seems sufficient for the present to establish one central depot at Bangalore under the control of the Agricultural Chemist, who should arrange for the collection, cleaning and storing of the seeds and their distribution on requisition from the Revenue Commissioner and Deputy Commissioners. To meet the initial cost of obtaining and storing a sufficient supply of grains a sum of money may be placed at the disposal of the Agricultural Chemist. In order not to burden his office with the work of keeping accounts with regard to the quantity of grain lent out and the quantity received back, which must necessarily be after some time, it appears desirable to arrange that he should only supply seeds on prepayment. For the present, in order to make the experiment popular, the cost may be fixed at the ordinary selling price of seeds at Bangalore plus the cost of carriage, the balance of the charge being written off. Deputy Commissioners may arrange to grant loans under the Takavi rules for the purchase of seeds where raiyats or land-owners are unable to repay for the seeds.

4. After seeing how the system proposed briefly above works, we may organize additional depots in different parts of the State and introduce changes for extending the scheme to other seeds, implements, etc.

---

(3) Letter No. 82, dated the 24th July 1907, from the Agricultural Chemist in Mysore :—

" In reply to your docket No. R. 434—Agri. 6-05-22 of the 18th July 1907, enclosing the proposals made by the Revenue Commissioner, I have the honor to say that I realize more day by day that, in India, Government has to undertake to a large extent the supplying of improved seeds to the cultivators, as there are few, if any, private persons who undertake it systematically as is the case in Europe and America. I further realize that we must feel our way in regard to establishing seed depots and therefore heartily agree with the proposals contained in the Revenue Commissioner's letter No. 791, dated the 12th July 1907, and shall be glad to do all I can to advance that work.

2. All I shall need at present is, I believe, the necessary money to buy the seed required and a small grant to provide bins for storing the seeds, buying sieves with perforations of the required size for the winnowing machine and a few sundries. (I shall submit an estimate, if Government approve of the plan.) Should absolutely necessary requirements turn up later on, I am confident Government will supply them as far as possible, notwithstanding that I do not anticipate them now, provided the work has shown itself to be useful, as I confidently expect it will.

3. Unless the applications for seed are greater than I anticipate, no extra store-room-space will be required at present, provided the buildings on the experimental farm can be finished before seed requires to be stored. But until the Manager's quarters are finished, he will have to use a store-room to live in, and we shall be very cramped for space.

4. The way in which I should propose to carry out the suggestions contained in the Revenue Commissioner's letter referred to above is :—

To buy the best seed procurable from grain merchants or private individuals, clean the same thoroughly and separate out the small and inferior seeds, using only one half or less of the largest and heaviest grains for distribution of seed. The remainder would be resold for any price that could be got for it. The seed would be examined as far as possible for disease germs or insect pests and if considered advisable would be disinfected. As for example, dipped in copper sulphate solution, to kill smut spores. The germinating power could also be tested, and only such seed which possessed good germination would be sent out.

5. The importing of new varieties of seed, even if they have already been tested in the State and found to answer well, presents some difficulties, if carried on in anything like a large scale, unless we have a seed farm or a band of cultivators, who will grow such quantities as may be imported according to our instructions and return the crop produced. For, I fear, it is difficult to obtain large quantities of good seed of any new variety abroad. The various Departments of Agriculture will no doubt gladly send small quantities of any "improved" seed they may have but could hardly spare large quantities. As a case in point, I may mention the Virginian ground-nut. It has done very well here. But, in order to get seed in large quantities for distribution, we should, I expect, have to grow our own supply. However, the difficulties may not be as great as I anticipate and I shall try to overcome them as far as possible, if Government sanction the proposal.

6. I expect, however, it would be wise to restrict, to begin with, the kind of seeds sent out, considerably more than the Revenue Commissioner has proposed. Three or four kinds of seed should, I think, be *quite* sufficient to start with. The number of varieties of paddy and cholum are almost infinite; and, as I have already said, I believe it will be best to begin in a comparatively small way and enlarge in the direction which experience teaches to be the best. If cotton is included, it would be necessary to go to much more expense. It would imply selecting the cotton in the field and ginning it ourselves. Practically nothing can be done to improve cotton by the selection of the seed as such. It is the lint and not the seed which gives the crop its value; and to make any improvement in cotton, it is really necessary to select the plants as a whole. Of course this applies in a measure to all crops, but in a specially marked degree to cotton. And, as Mysore is not a cotton-growing country, and I am not a cotton expert (notwithstanding that I have heard and read a great deal about the subject), I strongly urge that cotton be excluded from the list, at least to begin with.

(4) Government Proceedings No. R. 4840-76—Agri. 137-07-2, dated 16th January 1909, sanctioning a programme of work to be done by the Superintendent, Government Gardens, which includes among other things, the establishment of an agricultural seed depot.

No. R. 1590-601—Agri. 6-05-31, dated Bangalore, 19th August 1909.

Order thereon.—The question of the supply of good seed by Government agency has been repeatedly urged in the Representative Assembly, and the matter engaged the attention of Government in consultation with the Revenue Commissioner, the Agricultural Chemist and the Deputy Commissioners of Districts. The majority of the Deputy Commissioners are of opinion that the establishment of seed depots at important taluk and district centres in the State will be very advantageous to the raiyats, as many of the raiyats know little about the best seed grains for agricultural purposes and have to content themselves with what may be obtained locally. The Revenue Commissioner was asked to submit proposals as to the places where seed depots may be started and the method of regulating the work of these depots. His proposals, together with the Agricultural Chemist's opinion thereon, are detailed in the letters read above. The Superintendent, Government Gardens, also, under instructions from Government, submitted a programme of Agricultural experiments to be tried by him, in consultation with the Revenue Commissioner and the Agricultural Chemist, and in Government Order No. R. 4840-76—Agri. 137-07-2, dated 16th January 1909, Government sanctioned the above programme of work, which includes the establishment of an agricultural seed depot.

2. Government observe that there are two principal purposes which seed depots may serve, *viz.*—

(I) the distribution of good seed grains and other Agricultural products now being grown in the State; and

(II) the distribution of seeds of varieties of grains not now grown in the State, but which it is desirable to introduce and popularize.

As the seeds of the latter kind have to be experimented upon, to ascertain the conditions most favorable to their growth and the localities where they are likely to thrive, before they can be introduced with advantage into the State on any large scale, and the ordinary raiyats will derive little benefit from them, it is deemed advisable at present to confine the work of the seed depots to the supply of good seed of agricultural products now grown in the State, such as, paddy, ragi, til, ground-nut and potato, to begin with.

Revenue (Agriculture), dated 19th August 1909.

3. The Superintendent, Government Gardens, will make the necessary arrangements for collecting, in consultation with the Revenue Commissioner, and cleaning and storing the required quantity of seed grains in the depot to be opened at the Lal-Bagh, Bangalore, for which funds have been provided in the current year's Public Works Budget. When the depot is completed and arrangements made for stocking and selling seed, the Superintendent will widely notify the fact. The price of the grains will be fixed at the ordinary selling prices of the several products at Bangalore.

4. At the end of each official year a report should be submitted by the Superintendent, Government Gardens, as to the work of the depot and how far it has been of advantage to raiyats. After some experience of the working of the depot in Bangalore is gained, the question of starting similar depots in other places will be considered.

Letter No. 3509, dated the 6th November 1908, from the Conservator of Forests in Mysore submitting for approval a working plan for the forests of Kakankote, Begur, Ainoor-Marigudi and Metikuppe in the Heggaddevankote Taluk of the Mysore District.

No. R. 1585—FT. 111-08-2, DATED BANGALORE, 19TH AUGUST 1909.

ORDER THEREON.—The tract dealt with in the report comprises the important State Forests of Ainoor-Marigudi, Begur, Kakankote and Metikuppe, in the Mysore District, and forms a continuous belt of high forest along the Malabar and Coorg frontiers for a length of nearly 37 miles with a breadth of 5 miles, and a total area of 193 square miles.

2. It appears from the report that teak is the most predominant species in the forest, but other valuable timbers, such as Honne, Beeti, Matti and Nandi also abound.

3. The forests appear to have been worked more or less in a haphazard and reckless manner up to 1885 when the Forest Department was reconstituted in the State. It is stated that they were largely exploited from 1886 to 1891 for the supply of railway sleepers in a very ill-regulated manner, which resulted in considerable damage to the stock of middle-aged trees in the forest, though it is understood that these fellings for railway sleepers were restricted to stunted teak. A provisional working scheme based on sylvicultural principles was drawn up in 1902 and has been in operation till now. During the five years 1903-04 to 1907-08 an average quantity of 134,000 cubic feet of timber of all kinds and 324,000 bamboos have been removed every year, and the average annual income from these forests has been Rs. 1,11,000 and the average expenditure Rs. 67,000 leaving a surplus of Rs. 44,000.

4. The working plan now before Government has been prepared by Mr. H. Srinivasa Rao, Assistant Conservator of Forests, and appears to have been carefully scrutinized and considerably revised by Mr. Muttanna, the Conservator of Forests.

5. On climatic considerations the tract in question naturally falls into three regions, a moist, a semi-moist and a dry belt. The moist and semi-moist belts are reported to contain a large quantity of overmature and unsound teak as well as a large quantity of young growing stock, but there is a deficiency of stock in regard to trees past middle age, which may become fit for exploitation during the next 30 or 40 years. This disparity is attributed to ill-regulated fellings of the past and especially to the sleeper supply fellings of 1886-91, when the exploitation was confined almost entirely to trees of easily workable and cartable dimensions, leaving quite untouched both the large mature stock and the young growing stock as well as the unsound trees.

6. The present stock is thus somewhat irregular and abnormal in distribution, and for this reason in the future working of the forest two main objects have to be kept in view, namely, to utilize the existing overmature, unsound and deteriorating stock, and to gradually improve the crop by regulated fellings and other operations so as to bring it into a normal condition for yielding a steady annual output of produce.

7. The present working plan has been prepared with these objects in view and if anticipations are realized, the forest should, thirty years hence, be in a more promising and prosperous state than it is at present.

8. For purposes of exploitation the forest has been divided into 11 working circles and 113 compartments. The method of exploitation by selection has been adopted for the moist and semi-moist areas, and a system of improvement fellings has been laid down for the dry belt as a provisional method until the crop in this belt also is fit for the high forest method of treatment. The extraction of Honne, Beeti, Matti and other junglewood is also proposed to be regulated on similar lines. A period of 30 years has been prescribed as the felling rotation and at the end of that period the plan will require suitable revision in the light of actual experience.

Forest, dated 19th August 1909.

9. The estimates of annual yield appear to be framed with caution, and Government hope that they will be justified by results and that the interests of the future have not been sacrificed for the profits of the present. According to the proposals, the annual income from the forest is estimated at Rs. 1,41,000 and the annual expenditure at Rs. 63,000, which will leave a surplus of Rs. 73,000 a year.

10. Government approve of the working plan as formulated by the Conservator and direct that it be brought into operation.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ--

Petition dated the 5th September 1907, addressed to His Highness the Maharaja by the raiyats of Ketenahalli and other villages of the Chikballapur Taluk, praying for the exclusion of Survey Nos. 9 of Ketenahalli, 113 of Anemadagu and 15 of Sadenahalli from the State Forest as their inclusion has been the cause of much hardship and inconvenience.

2. Letter No. 223, dated the 30th April 1909, from the Deputy Commissioner, Kolar District, submitting a report on the settlement effected with the petitioners, together with a revised boundary statement of the Narasimhadevarabetta Forest Block IV and an alienation statement of lands finally included in the forest.

With reference to your letter No. 2362—Ft. 78-07-2, dated 1st October 1907, forwarding for enquiry and opinion, the petition addressed to His Highness the Maharaja, by the raiyats of Ketenahalli, Anemadagu and Sadenahalli villages of Chikballapur Taluk, praying for the exclusion of certain survey numbers from the State Forest of Narasimhadevarabetta, Block IV, and of setting them apart for free grazing, I have the honor to submit as follows:—

(2) On personal enquiry of the villagers and inspection of localities concerned, I found that the total exclusion of the marginally noted survey numbers from one of the fewest and most important of the State Forests in this district, would be to cut off 1,932 acres and 20 guntas of valuable forest land with dense growth of useful and economic trees, defeating the very object for which this forest tract has been conserved for some years with considerable cost to Government. Having regard therefore to this aspect of the question as well as to the interest of the enclosed villages and after much explanation of the principles of forest conservancy to the said villagers and discussion with them, I requested the Sub-Division Officer, Chikballapur, and the District Forest Officer to inspect the localities in company of the villagers and come to a settlement with them on certain lines suggested by me and then to submit a detailed report thereupon. This course of action though necessarily has taken some time, has resulted in an understanding and agreement very satisfactory to all concerned, and the muchalika now given by the petitioners on the 8th April 1908, before the Sub-Division Officer is binding upon them whereby they have consented to the marginally noted pieces of lands being set apart for gomal in lieu of those they had asked for originally.

3. Such general satisfaction expressed by the petitioners at the proposed allocation of gomal and other wood-lands for their use and the alignment of forest demarcation as noted in blue line on the accompanying sketch is very equitable and I accordingly recommend that the lands specified below may be set apart for pasturage and other communal purposes.

Grand total of kharab and gomal 2,256 acres and 5 guntas.

A comparison of this statement with those accepted by the petitioners themselves before the Sub-Division Officer as per their said mutchalika will show that even far more liberal allotments have been made to them against future requirements.

4. The raiyats of Yeremarenahalli, another enclosed village, who were no parties to the petition, having represented during the enquiry, of the insufficiency of their gomal lands and begged for the whole of Survey No. 7, part of which is now included in the forest, being thrown open to them, the District Forest Officer has brought the subject to my notice. Though liberal allotment has already been made to them, considering that some concessions are now being shown to the neighbouring villages and in order to avoid future complaints, it seems to me that while we are at it another slice of 134 acres in addition to 100 acres, which they have already been enjoying, out of this Survey No. 7, may or will be cut out and given to them.

5. In addition to these privileges the raiyats of Ketenahalli pray for a right of way to Jambuhalla in Survey No. 7 of the State Forest on the ground that drinking water for cattle during the hot season could only be had in the halla in question. Hence a right of way 20 yards wide through the aforesaid survey number may be allowed for watering cattle during the season of drought. Likewise a right of way 20 yards wide to the cattle of Sadenahalli village to take water from the tank, Survey No. 45, included in the forest may be permitted provided the villagers repair this tank, now in disorder.

Forest, dated 25th August 1909.

6. As these arrangements will meet all the wants of the petitioners whose interests are safeguarded with as much care as those of the Forest Department, I recommend them for the favourable orders of Government.

7. The blue and green lines in the accompanying sketch map around the enclosures indicate respectively the proposed and old boundaries.

8. The area of the block after the exclusion of the lands for the use of villagers as herein suggested is 13,768 acres and 8 guntas against 13,136 acres comprised in the block as mentioned in Government Notification No. 9290—Ft. 96-95, dated 10th June 1899. This difference in areas, I regret, is not traceable as the original settlement papers are unfortunately not forthcoming in this office. Since the present areas are calculated as per existing demarcation line of the forest, the figures now given may be taken as correct.

9. The revised outer boundary statement of the block, the draft boundary notification disafforesting the areas excluded from the forest, the alienation statement, the sketch map, and the petition with two enclosures are all herewith submitted for reference.

3. Note dated 17th May 1909, by the Conservator of Forests, approving of the settlement.

4. Note dated the 3rd July 1909, by the Superintendent, Revenue Survey, returning the papers after verifying the alienation statement.

5. Alienation statement.

READ—

Letter No. 10783, dated the 23rd June 1909, from the Conservator of Forests in Mysore, submitting his inspection report of the Kadur District Forest Office dated the 25th April 1909.

No. R. 1837-45—FT. 61-08-12, DATED BANGALORE, 27TH AUGUST 1909.

ORDER THEREON.—Recorded.

2. The Deputy Commissioner of Kadur is requested to expedite the disposal of the question of providing suitable accommodation for the District Forest Office.

3. Para 13. In his letter No. 313, dated the 25th February 1909, the Deputy Commissioner reported that on receipt of vouchers and other records from the District Forest Officer the balance outstanding on account of shed materials supplied in 1907-08 would be adjusted and a further report submitted. The promised report is still awaited and he is requested to expedite its submission. In regard to items against Raghavendra Sivaram Talikar and Harilal Magulal, it is not explained why there has been delay in adjusting them.

4. Para 38. Government note that the District Forest Officer has allowed much arrears of correspondence to accumulate. He should pay more attention to the early disposal of cases pending with him for over a year.

5. Government hope that better results will be shown in the maintenance of registers and accounts when the Conservator's next inspection takes place.

Letter No. 11540, dated 29th June 1909, from the Excise Commissioner in Mysore, submitting the records of enquiry relating to the claim to the toddy excise revenue of Sarvamanyam Devalingana-pura village, Malvalli Taluk.

No. Fl. 1302-4—S. R. 5-09-2, dated Bangalore, 26th August 1909.

ORDER THEREON.—The village has neither a toddy shop nor a date grove. The original Samud has not been produced and the Inam Settlement conducted in 1879 and 1880 has expressly reserved to Government all "Abkari" rights. The Inamdar has not also chosen to appear before the investigating officer and substantiate his claim to the revenue in question, in spite of the personal service of notice on him. Government therefore agree with the investigating officer and the Deputy and Excise Commissioners in holding that the Inamdar is not entitled to the toddy excise revenue of the Inam village referred to above.

Correspondence ending with letter No. 154, dated the 5th July 1909, from the Excise Commissioner in Mysore, submitting the records of inquiry relating to the Inamdar's right to toddy revenue in Sarvamanya Kalladevanahalli village in the Nagamangala Taluk of the Mysore District and stating that, for reasons given therein, he concurs with the investigating officer and the Deputy Commissioner in rejecting the claim.

No. Fl. 1309-11—S. R. 159-05, DATED BANGALORE, 27TH AUGUST 1909.

ORDER THEREON.—Though the Sannad concedes "Echalpairu" the question whether the Inamdar was entitled to toddy revenue was left undecided at the Inam Settlement of the village conducted in 1880. The question was taken up for consideration in the Inam Department in 1906 on a representation by the Inamdar and an order was recorded by the Inam Superintendent, mainly on the strength of a copy of the Sannad, that the Inamdar was entitled to toddy revenue.

It is admitted, however, by the agent of the Inamdar himself that excise revenue from the village was not enjoyed at any time within twelve years prior to 1892-93 as required by Rule 19 of the Rules of the 2nd August 1901. In fact whatever enjoyment there was seems to have ceased completely so far back as 1871. Government therefore concur with the Excise and Deputy Commissioners that the Inamdar's claim should be rejected.

Letter No. 9858, dated 28th April 1909, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the claim to the toddy revenue of Sarvamanyam Taradale village, Nanjangud Taluk.

No. FL. 1406-8—S. R. 37-08-4, DATED BANGALORE, 28TH AUGUST 1909.

ORDER THEREON.—"Eachal Pairu" is conceded in the sannad and "Sendi" is included in the "Beriz" of the village. The Inam Settlement conducted in 1879-80 recognises the right of the Inamdar to the toddy revenue. There is also proof of enjoyment of this revenue by the Inamdars within twelve years preceding 1892-93. Concurring, therefore, with the investigating officer, the Deputy and the Excise Commissioners, Government hold that the claim is established. The village having both a shop and a grove the payment will be regulated by Rules 2, 3, 5, 6 and 9 of Government Order No. 7483—R. F. 166-92, dated 2nd August 1901.

"I have the honor to state that one K. T. Puttanna, a forester, was dismissed from the Government service and declared ineligible for further entertainment. He held Policy No. 5622 on which he had paid a total premium of Rs. 52-8-0. He died before he received the surrender value of 50 per cent payable under Rule 10, and his widow Pathamma was called upon in March 1908 to produce an heirship certificate to receive the said surrender value. She did not produce the required certificate and one Timmappaiya, shanbhog, Ramanahalli, Arkalgud Taluk, alleged to be the father of the deceased insured Puttanna, now reports that the said Pathamma is dead, that a minor son of the deceased insured, aged three years, is under his protection and guardianship, and the policy amount, if any, may be paid to him.

The amount payable in this case is only Rs. 26-4-0 and out of all proportion to the trouble and expense involved in obtaining a Court certificate. I therefore request you will kindly obtain the orders of Government to pay the said sum of Rs. 26-4-0 to Timmappaiya on behalf of his grandson Venkatramaiya after such enquiry into the right and title of the claimant as the Amildar of Arkalgud may deem sufficient."

Letter No 642—A. B. 55, dated 16th—19th April 1909, from the Inspector of Agricultural Banks:

"I have the honour to state that the Agricultural Bank at Nanjangud in the Mysore District has repaid Rs. 25,870 out of Rs 26,000 which it obtained as a loan from Government in the year 1898, and the balance to be paid is Rs. 130. According to the balance sheet for the half year ending December 1908, the surplus amount in the Bank was Rs 5,351-10-3.

2. Venkatrama Upadhyaya, Agent of the Bank, was in arrears to the Bank to the extent of Rs. 1,356-4-0. He pleaded his inability to pay off the arrears in cash and applied to the Bank that in consideration of his having managed the affairs of the Bank for ten years and shown good profits, it should purchase the marginally noted properties already hypothecated to the Bank for the loan obtained by him and enable him to liquidate his private debts besides the dues to the Bank. At the general meeting of the members held on 16th October 1908, at which 45 members were present, the proposal of Venkatrama Upadhyaya was accepted and a resolution was passed that the lands in question should be purchased for the Bank for Rs 2,000 and cultivated at the expense of the Bank. The lands were accordingly purchased and their value Rs. 2,000 was paid to Venkatrama Upadhyaya in the month of October 1908 and all his dues to the Bank were recovered. These lands now form part of the assets of the Bank and their value is included in the surplus amount of Rs. 5,351-10-3 shown in the last balance sheet of the Bank.

1. When the Agricultural Banks scheme was introduced and several Banks constituted, it was contemplated that these Banks, which were merely loan institutions, should, within the period allowed by Government for the repayment of the Government loan, accumulate a decent reserve fund out of the profits earned during each year, which, when the Government loan was fully repaid, should serve as the capital for the Bank to carry on its transactions. The Nanjangud Bank has earned a good surplus no doubt but instead of using this for granting loans to the members it has invested a portion of it for acquiring landed properties to the Bank. I am doubtful whether institutions of this kind whose mission is to bring cheap credit within the reach of their members should be allowed to acquire proprietory rights over lands and invest money in cultivating them in the same way as a private landholder would do. Temporarily a Bank may be forced to buy the lands of its members in satisfaction of its dues when the lands do not fetch in public sale the full amount of the loan; but the case now mentioned is, however, different inasmuch as the Bank has deliberately become an owner of lands with all the risks incidental to the investment of money in their improvement.

5. In these circumstances I solicit the orders of Government whether the Nanjangud Bank could be insisted upon to dispose of the lands which it has acquired merely to accommodate one of its members and invest all the surplus amount in granting cash loans to its members.

My own opinion is that, under Section 56 of the Articles of Association, such institutions cannot use the Reserve Fund for investments of the kind now mentioned."

Art. 56.—The interest due on loans and deposits, the charges of establishment and the cost of contingencies shall be met from the interest levied on the different kinds of loans made by the Bank and from the entrance fee levied from the members on admission, as also from the fines referred to in para 51 above. The surplus shall form a reserve fund which shall not be divisible among the members, but shall, after meeting unforeseen losses, if any, go towards the reduction of the loans and deposits required for carrying on the business of the Bank.

No. FL. 1091-9—B. 51-08-2, DATED BANGALORE, 16TH AUGUST 1909.

ORDER THEREON.—From the facts stated above, it appears that the Agricultural Bank at Nanjangud acquired the lands in question from one of its debtors as the best way of realizing the debt. The purchase cannot in the circumstances be said to be *ultra vires*. But as the reserve is meant under Article 56 of the Articles of Association for a definite purpose, namely, the recoupment of losses that may be sustained in the course of business, it is essential that the same should be in a shape readily available for the purpose. The Bank should be accordingly called upon to dispose of the lands to the best advantage at a favorable opportunity within six months of the date of this Order and realize the value in cash.

Letter No. 864, dated 15th June 1909, from the Registrar of Co-operative Societies in Mysore:—

"I have the honor, while thanking Government for the revision of my establishment sanctioned in Government Order No. 4406-15—B. 14-08-7, dated 1st April 1909, to submit that now that a desire has grown up in the rural parts to start agricultural societies for the benefit of those residing in villages where the numbers of literate men are very limited, some means has to be devised for the Registrar to have a number of agents possessing intelligence and business knowledge through whom he can convey his advice and directions to the societies concerned and can assure himself that the rules of the society and the modes of business prescribed are strictly observed. Cases have come to my notice in which the managing bodies of societies have often committed breaches of the rules, and the explanation invariably offered is that the convenience of certain persons of influence had to be consulted, but that if the hands of the managing board were strengthened with official orders regarding the violations perpetrated, they could easily observe the correct procedure without fear of unpleasantness from the persons affected thereby. We have two Honorary Organizers at present, but an agency comprised of humbler individuals is needed for dealing with the village folk who never realize that after all the officers of Government drawing higher emoluments, whether in active service or on the retired list, are mortal beings like themselves, and that they could without impropriety meet them on terms other than those of cold formality. In my tours I have come across several retired officials of the status of Taluk Sheristadars and of similar positions who are acquainted with village life and who could be utilized as constant advisers for the members of village societies and as media to convey to these societies the instructions of the Registrar, which, as experience has shown, are essential, especially in the early months of a society's existence. The retired officials mentioned above, several of whom I have found are men of real character and local influence, are willing to render any active help that may be needed, if only their out-of-pocket expenses are paid, a demand which cannot but be regarded as a very reasonable one. In these circumstances I beg to propose that I may be authorized to defray the charges of any pensioners or other persons whom I may select from time to time on account of their special qualifications for the supervision of rural societies, up to a maximum of one rupee per day, the actual amount being fixed by me according to the distance to be travelled and the time occupied. If the Government are pleased to sanction this proposal, it will not only relieve me of the anxiety I at present have in keeping managing bodies of village societies under proper discipline, but also a way will be opened for building up a non-official agency for the supervision of co-operative societies at a comparatively small cost to Government. By this means, the Central Co-operative Bank at Bangalore may ultimately be brought in touch with this non-official agency, through whom they may disburse loans under the guidance of the Registrar. If my proposal commends itself to Government, and I strongly urge its favorable acceptance, I request that an extra sum of Rs. 500 (five hundred) may be provided in the budget under the head of travelling expenses to establishment."

No. FL. 1290-9—B. 55-09-2, DATED BANGALORE, 26TH AUGUST 1909.

ORDER THEREON.—The proposal to utilize the services of retired officials, Taluk Sheristadars and others of similar status for the supervision of rural societies and to pay them out-of-pocket expenses up to a maximum of one rupee per day, at the discretion of the Registrar, is sanctioned.

2. The Registrar is requested to report the names of the gentlemen he selects for the work and the societies attached to each.

3. It is understood that the additional expenditure during 1909-10 on the payment of out-of-pocket expenses as above can be met by re-appropriation within the budget of the Registrar of Co-operative Societies.

Letter No. 7277—R. 401 dated the 10th June 1909, from the Comptroller to Government.

I have the honor to state that a question cropped up in my office as to whether casual leave may be allowed to men in temporary service. I find that the question is not free from difficulties as the rules in the Mysore Service Regulations are not clear on the point. Article 164 of the Mysore Service Regulations says that "Casual leave for short periods is not recognized and is not subject to any rule;" but it follows certain articles laying down rules regarding such leave and recognizing it as a kind of short leave and the insertion of the casual leave rules as Section I of the Chapter XII entitled "short leave" confirms this view.

The Rules in Chapter XII are limited in their application by Article 158 only to officers holding *substantive* appointment in Government service. The only exception to this is that contained in clause (*a*) of Article 159 and the omission of any reference to casual leave in this article makes such leave inadmissible to men in temporary service if the rules are strictly applied as, I think, they should.

I do not know what the intention of Government was when the rules relating to casual leave were incorporated in the Mysore Service Regulations. If the intention was that such leave should be considered inadmissible to temporary men, it should have been made clear by the insertion of the words "having a substantive appointment" after the word "officer" in Article 161 of the Mysore Service Regulations. If, on the other hand, the intention was to allow casual leave to temporary men, the words "casual leave and also" should have been introduced before the words "Privilege Leave" in Article 159 (*a*), Mysore Service Regulations. As the practice in several offices does not appear to be uniform and as the Service Regulations are not clear on the point, an authoritative decision in the matter is very desirable.

In case it is decided that temporary men may be allowed casual leave under the rules, in addition to making the changes suggested above, a working rule for granting such leave will have to be prescribed; for a man employed temporarily, say for two months cannot evidently be given 15 days' casual leave during the period of his employment, nor can a substitute employed for 10 or 15 days be granted casual leave for 5 or 6 days.

No. FL. 1317—S. & A. 557-08-2, DATED BANGALORE, 27TH AUGUST 1909.

ORDER THEREON.—Casual Leave is meant to serve needs of an unavoidable nature, and the provisions regarding it have all along been understood to apply to temporary officers also. As Article 163 of the Mysore Service Regulations lays down that casual leave can be granted only when there is no inconvenience to the public service, it need not be apprehended that a disproportionate amount of such leave will be given by the Heads of Offices and Departments. In these circumstances, Government do not consider that any additional restrictions need be imposed regarding the grant of casual leave to men in temporary service, and direct that the ordinary casual leave rules be applied in their case also.

2. The words "Casual leave and also" should be introduced before the words "Privilege leave" in Article 159 (*a*), Mysore Service Regulations, by a corrigendum.

Financial Secretary.

1. Government Proceedings No. J. 3203-14—Cts. 202-07-4, dated the 19th April 1909, passing orders regarding the institution of Benches of Honorary Magistrates as an experimental measure in the Cities of Bangalore and Mysore, and requesting the District Magistrates concerned to submit the necessary proposals for giving effect to the scheme.

2. Letter No. 890, dated the 30th June 1909, from the District Magistrate of Mysore, submitting proposals for the constitution of a Bench of Honorary Magistrates in the Mysore City.

No. J. 574-86—CTS. 5-09-2, DATED BANGALORE, 23RD AUGUST 1909.

ORDER THEREON.—*Constitution.*—The District Magistrate of Mysore reports that the marginally noted gentlemen have signified their willingness to serve as Honorary Magistrates in the Mysore City. Two of them, *viz.*, Messrs. C. Krishna Rao and Krishnamurti Rao, are retired Assistant Commissioners and the other, Mr. Mahomed Jaffir, is a retired Superintendent of Police. The nominations commend themselves to Government and they are pleased to approve of the same.

1. Mr. C. Krishna Rao.
2. ,, Krishnamurti Rao.
3. ,, Mahomed Jaffir.

2. *Powers.*—Government also approve of the District Magistrate's proposal that each member of the Bench should be invested with the powers of a Magistrate of the second class. Steps will be taken to publish the necessary notifications in the *Mysore Gazette.*

3. *Establishment.*—For the present, and until further experience is gained, Government consider it sufficient to allow an establishment consisting of one clerk on Rs. 25 and two peons on Rs. 8 and 7, respectively, the latter being spared from the head-quarter offices where supernumerary menials are available. These will be regarded as additions to the establishment of the City Magistrate's Court, which should perform all the ministerial work (such as the keeping of additional registers, correspondence with the Police and Jail authorities) connected with the trial of cases by the Honorary Magistrates.

4. *Contingencies.*—Instead of a fixed contingent grant of Rs. 5 per mensem as proposed, a lumpsum grant of Rs. 60 is sanctioned for contingent expenditure during the year 1909-10. The grant may be regulated by actual expenditure as in the case of contingent charges of other Courts. The contingent charges of the Bench may be incorporated in the bill of the City Magistrate, who may also give out of his permanent advance a small amount to the Bench clerk for meeting petty charges.

5. *Stationery and forms.*—The Superintendent, Government Stationery and Stores, is requested to supply on indent sent through the District Magistrate the necessary printed forms and registers and articles of stationery for the use of the Bench at Mysore.

6. The District Magistrate of Mysore is requested to report the result of the steps taken to secure suitable accommodation for the Bench to hold its sittings.

7. The additional charges necessitated by the scheme will, during the current official year, be met by re-appropriation, the necessary provision being made in future budgets.

The report on the working of the Hospitals and Dispensaries in Mysore for the calendar year 1908, received with the Senior Surgeon's letter No. G. 794, dated the 20th June 1909.

No. 2090-1—MED. 267-08-4, DATED BANGALORE, 30TH AUGUST 1909.

ORDER THEREON.—Recorded.

2. Including the Railway Dispensary at Bowringpet shown by the Railway authorities in the returns for the first time during the year 1908, the total number of Medical institutions in the State on the last day of the year was 149. The total number of patients treated in the State public institutions (except the special hospitals) and the Local Fund and private aided dispensaries was 1,139,447 against 1,120,395 in 1907, showing an increase of 19,052 patients, of whom 10,648 were in-patients and 1,128,799 out-door patients as against 10,248 and 1,110,147, respectively, during the previous year. Of the total number of patients treated 535,505 were men, 232,458 were women, and 371,484 were children. Of the 10,648 in-patients 7,288 were cured, 1,791 were relieved, 764 were discharged otherwise, 645 died and 160 remained under treatment at the close of the year.

3. There was a considerable decrease in the number of cases treated during the year for small-pox and cholera, the figures being 140 and 789 against 313 and 1,410, respectively, in the year previous. It is satisfactory to note also that the number of cases treated for malarial fevers fell from 249,232 in 1907 to 191,087 during the year under review. The Senior Surgeon states in para 10 of his report that he proposes opening a separate column for pulmonary consumption in order to know definitely to what extent tuberculosis prevails. The proposal is approved.

4. 26,702 patients (excluding 64 that remained at the end of 1907) underwent surgical operations during the year in the several State public, Local Fund and private aided hospitals and dispensaries. Of these 25,492 were cured, 860 were relieved, 219 were discharged otherwise, 101 died and the rest remained under treatment at the end of the year. Of the total number of operations, *viz.*, 26,759, performed during the year, major operations numbered 1,954, the number of major operations performed in the Victoria Hospital alone being 861.

5. There were 104 midwives during the year against 96 in 1907, and they attended 5,787 cases against 5,490 in the previous year. The Senior Surgeon refers in para 30 of the report to the want of sanitary houses for midwives. Provision has been made in the Municipal and District Fund budgets for 1909-10 for the construction of quarters for midwives in some places where they are urgently required, and separate orders will issue in the matter.

6. The total expenditure during the year on account of State public, Local Fund and private aided hospitals and dispensaries in the State amounted to Rs. 4,05,562 against Rs. 3,93,281 in the preceding year. A specialist in ear, nose and throat diseases was newly entertained during the year and has been attached to the Victoria Hospital.

7. The total number of patients treated in the State non-public, *i.e.*, (*a*) Jail, (*b*) Sowar, (*c*) Public Works Department, hospitals and dispensaries and the Railway dispensaries including the one at Bowringpet, was 64,857, and the number of operations performed in them was 1,664.

8. There were 26 Hindu Vaidyasalas and Unani Dispensaries in the State including the Hindu and Unani branches of the Indigenous Hospital at Mysore, and the total number of patients treated in all of them during the year was 213,234, of whom 107,078 were men, 51,174 were women and 54,982 were children. These indigenous hospitals, where they exist, seem to be as much resorted to as the regular Medical institutions. Accepting the statistics as furnished, the annual average attendance at these hospitals was 8,201 patients against 8,901 in the regular Medical institutions.

Letter No. 8060—518, dated the 15th March 1909, from the Inspector-General of Education in Mysore, submitting the Village School Fund Budget Estimates for 1909-10, together with an explanatory memo.

Memorandum accompanying the Budget Estimates for 1909-10.

RECEIPTS.

The receipts estimated for the year 1909-10 amount to Rs. 3,17,222 against a sum of Rs. 2,84,358, sanctioned for 1908-09. The increase of Rs. 32,864 is accounted for below :—

		Rs.
Increase.—(1)	State Funds grant of Rs. 32,316, sanctioned by Government Order No. Fl. 1098-9—Edn. 303-07, dated 27th August 1908, on account of increase of pay to teachers in Village Fund Schools, who were in receipt of pay of less than Rs. 10	32,316
(2)	State Funds grant required in accordance with the above Order for increasing the pay of two masters on Rs. 8, whose employment was newly sanctioned in Government Order No. 118-9—Edn. 249-07-5, dated 6th July 1908	48
(3)	State Funds grant sanctioned by Government Order No. 1087-97—Edn. 340-07-6, dated 30th July 1908, to cover the net loss to Village School Fund, which has been caused by the abolition of fees in the IV and V classes of Village Elementary Schools and the introduction of compulsory English Education in all Anglo-Vernacular Schools from Class III upwards	2,268
(4)	The actual income realized from Examination fees has been increasing year by year on account of increase in the number of candidates and consequently the estimate under this sub-head has been raised by	500
	Total increase ...	35,132
Decrease.—Net decrease in the income from school fees caused as an effect of Government Order No. 1087-97—Edn. 340-07-6, dated the 30th July 1908 ...		2,268
	Net increase ...	32,864

EXPENDITURE.

The total expenditure sanctioned for the current year under the different heads is Rs. 3,04,334 and the expenditure estimated for 1909-10 is Rs. 3,02,052. The decrease of Rs. 2,282 is accounted for as follows :—

(i) *Instruction, General.*—The increase under this head is Rs. 28,708 and is made up of the following variations :—

		Rs.
Increase.—Provision sanctioned for increasing the pay of all school-masters in Village Fund Schools in receipt of a pay of less than Rs. 10 a month as per Government Order No. Fl. 1098-9—Edn. 303-07, dated the 27th August 1908		32,316
Provision required for increasing the pay of two school-masters on Rs. 8 newly sanctioned by Government Order No. 118-9—Edn. 249-07-5, dated 6th July 1908 to Rs. 10, each in accordance with Government Order No. 1098-9—Edn. 303-07, dated the 27th August 1908 ...		48
	Total ...	32,364
Decrease. Decrease of the lump-sum provision of Rs. 3,656 sanctioned for the opening of new village schools as per Government Order of the 6th July 1908, since the provision will be utilized before the end of the current official year (1908-09)		3,656

Net increase Rs. 32,364 minus Rs. 3,656 or Rs. 28,708.

(iv) *General.*—The decrease of Rs. 31,110 under this head is due to the omission of the special grant for buildings sanctioned in the Budget of the current year over and above the normal grant of Rs. 5,000.

A special grant of Rs. 45,000 may be sanctioned for Village School buildings in the Budget of the ensuing year, the need for new school-houses being very badly felt in most of the villages. A separate application will be made for the additional provision required for the construction and repairs of Village School buildings.

(v) *Local Examinations.*—The increase of Rs. 120 under this head is on account of the increment of Rs. 10 a month earned by Mr. K. Ramaiya, Manager of the Local Examinations, who is in the grade Rs. 100—10—150.

(ii), (iii) and (vi). There are no variations under these heads.

An abstract of the variations occurring under the heads (i), (v) and (iv) is given below :—

			Rs.
(iv) General—	Decrease	... ...	31,110
(i) Instruction—	Increase	... ...	28,708
(v) Local Examinations	do	... ...	120
		Total increase ...	28,828
		Net decrease ...	2,282

Total estimates of receipts and expenditure for 1909-10.

The total estimate of receipts for 1909-10 amounts to Rs. 3,17,222 and that of expenditure excluding the special grant of Rs. 45,000 required for Village School buildings amounts to Rs. 3,02,052. If the special grant required for buildings is added, the total expenditure estimated for 1909-10 will be Rs. 3,47,052. The excess of expenditure over receipts, *viz.*, Rs. 29,830, may be met from the closing cash balance of more than Rs. 45,000 which will be left at the credit of the Village School Fund at the end of the official year over and above the invested amount of Rs. 1,50,000 in the Village School Fund.

2. Correspondence ending with letter No. 9094—594, dated the 10th April 1909, from the same officer, resubmitting the budget revising it so as to include the provision of Rs. 3,656, on account of the new schools sanctioned during 1908-09.

No. 1468-9—Edn. 344-08-4, dated Bangalore, 10th August 1909.

Order thereon.—The Inspector-General of Education estimates the receipts and expenditure of the Village School Fund for 1909-10 as shown below :—

	Sanctioned estimates for 1908-09	Proposed estimates for 1909-10	Difference
	Rs.	Rs.	Rs.
Receipts	2,84,358	3,17,222	+32,864
Expenditure	3,04,394	3,05,708	+ 1,374

2. The increase of Rs. 32,864 under receipts is due to (1) Rs. 32,364 sanctioned in Government Orders Nos. 1098-9—Edn. 303-07, dated 27th August 1908, and 118-9—Edn. 249-07-5, dated 6th July 1908, as a contribution from State Funds towards the cost of the increase of pay of Village School Masters from Rs. 8 to Rs. 10 per mensem, and (2) Rs. 500, the increase expected under Local Examinations. The State contribution of Rs. 16,372 for increasing the pay of Village School teachers from Rs. 7 to Rs. 8 and of Rs. 32,364 for further raising their pay from Rs. 8 to Rs. 10, has been ordered to be paid from State Funds during the year 1908-09. But considering the fact that the Village School Fund is not at present in a position to meet this extra cost without a subvention from State Funds, Government direct that the State contribution for raising the pay of school-masters to Rs. 10, *viz.*, Rs. 48,736 be continued for a few years, which at present may be fixed at three. The estimate of receipts amounting to Rs. 3,17,222 proposed by the Inspector-General is accepted.

3. The Inspector-General's estimates of expenditure, *viz.*, Rs. 3,05,708 provide only for the ordinary and sanctioned charges and the variations are fully explained in the Memo read above. To this a sum of Rs. 51,394 has to be added on account of the following items :—

	Rs.		
(1)	45,000	...	For Village School buildings over and above the normal grant of Rs. 5,000 already included in the Inspector-General's estimates.
(2)	5,000	...	For opening new schools.
(3)	894	...	For additional hands to schools for increasing the pay of menials and for rents and contingencies.
(4)	500	...	For increasing the provision under travelling allowance from Rs. 1,500 to Rs. 2,000.
Total ...	51,394		

Local Fund and Sanitary (Education), dated 10th August 1909.

4. With the above modifications, the Village School Fund Budget estimates for 1909-10 are passed providing for an income of Rs. 3,17,222 and an expenditure of Rs. 3,57,102. The excess of expenditure over receipts, *viz.*, Rs. 39,880, will be met from the cash balance of about Rs. 60,000 at the credit of the Village School Fund.

5. The details of the Budget are given in the accompanying statements an abstract whereof is given below:—

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Education), dated 16th August 1909.

READ—

1. Letter No. 10386-1- -683, dated the 12th May 1909, from the Inspector-General of Education in Mysore, recommending, under the circumstances stated, that the management of the Industrial School at Hassan may be transferred from the Head Master of the local High School to the Central Co-operative Society at Hassan, on a monthly grant of Rs. 100 on certain conditions.

2. Correspondence ending with letter No. 553—41, dated the 14th July 1909 from the same officer, on the subject.

No. 1698-9—EDN. 437-08-5, DATED BANGALORE, THE 16TH AUGUST 1909.

ORDER THEREON.—Government are pleased to direct that the management of the Industrial School at Hassan be made over to the Central Co-operative Society at that place, on the following conditions:—

(1) That an establishment costing not less than Rs. 110 per mensem, is maintained, of which Rs. 50 shall be spent on scholarships to pupils.

(2) That the present stock of tools, carpenter's benches and working implements shall be purchased by the Society, at a valuation to be made by the Inspector-General of Education. Similarly timber and other articles in stock, as well as finished and unfinished furniture, etc., shall be purchased at a valuation to be made by the Inspector-General of Education.

(3) That the accounts of the School shall be kept in the forms and books prescribed for Government Industrial Schools.

(4) That it shall be open to Government to take back the management of the School from the Society at any time, on terms similar to those mentioned in condition 2 *supra*.

2 A monthly grant of Rs. 100 will be paid in aid of the School, from the date on which the Society takes charge of the management. A portion of the old Jail building at Hassan will also be given rent-free to the Society for holding the School, till the Society is able to provide a suitable separate building for the purpose.

Letter No. 7197-52, dated 20th February 1909, from the Inspector-General of Education in Mysore.

I have the honour to submit herewith for favour of sanction a statement showing the additional grants required for the Industrial and Weaving Schools at Dodballapur, Chiknayakanhalli, Molkalmuru, Channapatna, Hole-Narsipur and Sagar in connection with the Local Funds General Budget for the year 1909-10.

2. The additional grants recommended for materials, temporary wages and furniture and apparatus are of a recurring nature as they are required every year and the schools can do no work without them. I request, therefore, that I may be permitted to include these charges in the annual budget without the necessity of applying for special sanction every year. In addition to the usual grant of Rs. 100, a special grant of Rs. 200 has been recommended for the Channapatna Industrial School under furniture and apparatus, in order to enable the Superintendent to start a chemical laboratory and a library of technical books. The laboratory and the library are quite necessary for developing the industries of Channapatna on modern scientific methods. The Superintendent of the school, who is an energetic and enthusiastic man, intends to make use of the researches of western scientists in conducting experiments in colours and pigments, in refining country lac and in finding out means to make profitable use of the waste products of lac. The chemicals and chemical apparatus required for the laboratory are estimated to cost £1-3-9½ and £7-1-5½ respectively and the technical books £3-8-6, total £11-13-9. Allowing about £1-8-11 for the cost of freight from London the total charge will come to £13-2-8 or in Indian currency Rs. 200 approximately. The Superintendent of the school is a man of great industry, perseverance and intelligence and is likely to make a good use of the technical books and chemicals he wants. I strongly recommend that Government may grant this extra charge in the interests of the industries of Channapatna.

3. Under the establishment charges of the Channapatna Industrial School an additional grant of Rs. 204 has been proposed for the following items:—

	Rs.
(1) An instructor for teaching the art of making models of fruits, vegetables, etc., both Indian and foreign, on Rs. 12 a month	144
(2) Increase of contingent charges from Rs. 12 to 15 a month	36
(3) Increase of pay to the peon and the watchman from Rs. 6 to 7	24
Total	204

The preparing of models of fruits and vegetables is a beautiful and remunerative art which is gradually dying out at Channapatna. There is only one expert at Channapatna who practises it with skill and can teach it successfully. This art will die out gradually unless Government lend a helping hand to revive it. Under these circumstances the employment of an instructor on Rs. 12 a month is necessary, the instructor being made to work half the day in the school.

(2) Owing to the increase in the number of pupils in the school, the present contingent grant is found to be quite insufficient. The smithy by itself is reported to consume charcoal worth about Rs. 6 a month. In addition to this, cotton strings and ropes for lathes, five different kinds of oils, wax, soap, articles of stationery and other sundries have to be purchased every month. For these reasons the contingent allowance may be raised from Rs. 12 to 15 a month.

(3) The work of the peons in an Industrial School like Channapatna where different kinds of industry are taught is very heavy. The peon and the watchman are getting Rs. 6 each at present. This pay may be raised to Rs. 7 each permanently in consideration of their hard work.

Proceedings of the Government of His Highness the Maharaja of Mysore,

4. The total additional charges recommended for the six schools amount to Rs. 6,404 a year. If the savings of Rs. 1,500 in the establishment of the Industrial School at Chitaldrug, which has been ordered to be abolished with effect from 1st January 1909 as per Government Order No. 4047-8—Ed. 81-08-4, dated 31st October 1908, be utilised to meet part of the additional expenditure the net additional grant required for the six Industrial Schools referred to will be Rs. 4,904 a year. This amount may be sanctioned and ordered to be included in the budget of the Industrial and other special schools for 1909-10.

2. The sum of Rs. 300 sanctioned above for furniture and apparatus of the Industrial School at Channapatna, includes a special grant of Rs. 200 for fitting up a chemical laboratory and for purchasing technical books. As the remaining grants amounting to Rs. 6,000 will be required every year, the Inspector-General of Education is authorized to include this amount in future budgets.

3. A sum of Rs. 144 is also sanctioned for employing an instructor for teaching the art of making models of fruits, vegetables, etc., on Rs. 12 per mensem in the Channapatna Industrial School.

4. The other charges recommended for the Channapatana Industrial School, amounting to Rs. 60 per annum, may be taken up for consideration in connection with the next budget.

Letter No. 10230—G72, dated the 10th May 1909, from the Inspector-General of Education in Mysore, recommending at the instance of the Principal of the Central College, an additional establishment for the College at a cost of Rs. 212 per mensem.

No. 1842-3—EDN. 433-08-3, DATED BANGALORE, 20TH AUGUST 1909.

ORDER THEREON.—The appointment of two Demonstrators, one for Physics and Chemistry and the other for Botany, is sanctioned. It is believed that persons who have passed the M. A. Degree Examination or the B. A. Degree Examination in the 1st class in the subjects can be procured for these places. These Demonstrators may be appointed on probation for one year as proposed by Mr. Tait, on a pay of Rs. 70 each. Their pay after the period of probation will be fixed by Government in due course.

2. The Principal also recommends the following new appointments and promotions to existing officials:—

	Rs.
(1) Promotion to chief clerk from Rs. 30 in the grade 30—$\frac{5}{2}$—40 to Rs. 45 in grade 45—$\frac{5}{2}$—50	15
(2) Promotion to 2nd clerk on Rs. 23 in grade 20—1—25 to Rs. 25 in grade 25—1—30	2
(3) Pay of chief librarian to be raised from Rs. 30 to Rs. 40—$\frac{5}{2}$—50 ...	10
(4) Appointment of an assistant librarian on Rs. 25—1—30 ...	25
(5) Appointment of Laboratory attendant on Rs. 12—1—15... ...	12
(6) Appointment of Library peon on Rs. 8—1—10	8
Total cost	72 per mensem.

3. Government do not consider it necessary that all these appointments should carry graded pay. The pay of the chief clerk will be fixed at Rs. 40 in lieu of the present graded pay. The chief clerk will be required to furnish security for Rs. 500 which it is understood that the present incumbent has done. The second clerk's pay will be raised from Rs. 23 to Rs. 25.

4. The scale of the present establishment for the Library need not be altered till Mr. Venkatadasappa temporarily attached to the Library is otherwise provided for. For the present, a temporary Library attender on Rs. 12 to keep the Consulting Library open in the mornings is sanctioned.

5. A Laboratory attender on Rs. 12 is also sanctioned.

6. The cost on account of the appointment of Demonstrators and the promotions and new appointments above sanctioned, *viz.*, Rs. 176 per mensem will be met from the provision included in the budget for 1909-10 on account of additional charges for the Central College.

7. The suggestion that the chief clerk may be entrusted with the duty of collecting fees in all the classes requires further consideration, and the Principal is requested to report how the system laid down in Government Order No. 8287-8—Edn. 426-07-6, dated the 23rd February 1909, has worked and why it requires alteration.

Proceedings of the Government of His Highness the Maharaja of Mysore, General Miscellaneous, dated 3rd August 1909.

ORDER NO. G. 606-10—G. M. 62-0-9, DATED BANGALORE, 3RD AUGUST 1909.

The Government of His Highness the Maharaja have received with profound sorrow the news of the death of Captain Bernard E. Dawes, R.E., Officiating Chief Engineer of Mysore and Secretary, Public Works Department, on the evening of Friday the 30th of July 1909, while superintending the reconstruction of the Anicut across the Cauvery river at Krishnaraja Katte.

2. A boat in which the party were returning from the place of work capsized in the middle of the river, and all with the exception of a workman of the Besta caste, reached the bank. But Captain Dawes immediately went back to rescue the man who was drifting in the current, and though he succeeded in accomplishing the object of his heroic effort, he himself most unfortunately got caught in the rapids and was carried away and drowned. His body was recovered near Ramanathpur three days later on the 2nd of this month.

3. Captain Dawes was a young officer of exemplary zeal and energy and was possessed of considerable enthusiasm for his profession. The Government of His Highness regret that by his premature decease in such tragic circumstances, they have lost an officer of ability and brilliant promise.

4. As a mark of respect, all the Government Secretariat offices and offices of the Public Works Department in all its branches in Bangalore will be closed on the date on which the funeral takes place at Bangalore.

1. Government Order No. G. 1257-96—G. M. 112-05-9, dated 16th August 1906, directing the supply of the monthly volumes of the Proceedings of Government to the Heads of Departments and certain other officers in accordance with a prescribed list.

2. Subsequent correspondence regarding the supply of the volumes to certain officers not included in the list referred to in the above Order.

No. G. 793-833—G. M. 78-09-1, DATED BANGALORE, 11TH AUGUST 1909.

ORDER THEREON.—The compilation known as "the Proceedings of the Government of His Highness the Maharaja" is a confidential one intended primarily for the use of the respective Departments of Government from which the Proceedings issue. The volumes of Proceedings are, as a matter of fact, being supplied to other officers also on the ground of their affording them a convenient means of finding in a readily available form the important orders and rulings of Government on various matters required for purposes of constant reference. A scrutiny of the distribution list of copies shows, however, that several of the officers to whom they are supplied can only find occasion to refer to a very small portion of the matter contained in each volume; and in these cases Government think there is no good reason why the officers concerned should not ordinarily be content with collections made by themselves, of the orders pertaining to their work issued from time to time. As it is, the list is much too long, and is capable of material reduction by omitting the names of officers to whom the volumes are practically of little or no use. The Government are accordingly pleased to direct that the supply of the volumes to the undermentioned officers be discontinued in future and that the supply to other officers be regulated in accordance with the list separately furnished to the Superintendent of the Government Press:—

1. Officer in charge of Archæological Researches.
2. Director of Meteorology.
3. Agricultural Chemist.
4. Superintendent, Government Gardens and Museum.
5. Superintendent, Amrut Mahal Department.

26. Secretary, Insurance Committee.
27. Forest Settlement Officer.
28. President, Bangalore City Municipality.
29. President, Mysore City Municipality.
30. Superintendent of the Government Press, Stationery and Stamp Manufactory.

2. Officers not entitled to the supply of the Proceedings volumes in accordance with para 1 *supra*, will, whenever necessary, be allowed by the heads of the offices concerned to consult those in the district or taluk head-quarter offices as the case may be.

3. The Superintendent of the Government Press is requested to mark each volume as "*Confidential*," so as to clearly indicate its character in the hands of the officers to whom copies thereof are supplied.

Proceedings of the Government of His Highness the Maharaja of Mysore, General Miscellaneous, dated 12th August 1909.

No. G. 846-94—G. M. 14-09-4, dated Bangalore, 12th August 1909.

Order.—Instances having come to the notice of Government of the misappropriation of travellers' bungalow receipts, owing to the perfunctory manner in which visitors' books are maintained, as well as owing to the want of careful scrutiny on the part of the taluk officials, when the visitors' books are presented at the Taluk Treasuries with remittances, Government are pleased to lay down the following rules regarding the remittance of bungalow fees and the maintenance of visitors' books in the various travellers' bungalows in the State:—

(1) In every travellers' bungalow two visitors' books should be kept, the pages being numbered and stamped with the taluk rubber stamp. The books should be marked as Book A and Book B for identification. The remittance should be made once a month, and each book should be alternately used from the date of one remittance to the date of the next remittance. Thus, if a kotval takes a remittance to the Treasury, say, on the 10th June, he will take with him to the Treasury the visitors' book in which the entries have been made up to that date. The other visitors' book will be brought into use and will continue to be used till he makes the next remittance, *i.e.*, in July, when that book will be taken to the Treasury and the first book brought into use again. In addition to the entry of Treasury credit, the clerk deputed to scrutinize these books, should note in the particular visitors' book the period during which it has been in use. Thus "Book A in use from (say the 15th May) to (say the 10th June). Amount collected Rs. .....
.....Amount remitted to Treasury on (11th June) Rs. .....
.....Book B in use from (11th June)." For purposes of check this entry should be copied in a register maintained in the Taluk Cutcherry and should be used to check Book B when it is brought for scrutiny in its turn and also to check Book A when it is next presented at the Treasury.

(2) Government take this opportunity to again impress upon the Deputy Commissioners of Districts the necessity for the frequent inspection and scrutiny of the registers maintained in the several travellers' bungalows in their districts. Amildars and Deputy Amildars should, as a rule, inspect the visitors' books of the several travellers' bungalows in their taluks or sub-taluks, at least once in two or three months, and the Divisional Assistant Commissioners should also avail themselves of every opportunity to inspect the same in their tours.

Correspondence ending with letter No. S. 602, dated 21st May 1909, from the Deputy Commissioner, Bangalore District, furnishing additional information in the matter of the compensation claimed by Khader Sheriff for the loss he sustained owing to the articles indented for by the Imperial Service Lancers engaged in the manoeuvres near Birasandra in January 1908, not having been purchased and soliciting orders in the matter.

No. 195-204—MILY. 100-08-6, DATED BANGALORE, 7TH AUGUST 1909.

ORDER THEREON.—In January 1908, a section of the Imperial Service Regiment consisting of 240 combatants and 208 followers proceeded to the neighbourhood of Birasandra for Brigade Training from the 18th to the 23rd idem. In order to arrange for supplies the Commandant of the Regiment addressed the Amildar of the taluk and requested him to cause the supplies—according to a list of daily requirements furnished by the Commandant—indented for to be issued on payment.

2. The supplies were required to be collected near the Dodballapur Railway Station and it was stated that the exact camping place would be intimated on the arrival of the Regiment there.

3. The Amildar of Dodballapur, Mr. M. Sadasiva Rao, accordingly arranged with one Khader Sheriff to make the supplies, and in the mutchalika taken from him the contractor stipulated that, if the eggs and fowls supplied by him were not purchased, he should be compensated for any loss he might sustain.

4. The contractor had his supplies ready on the 18th January and on subsequent dates, but as the prices he asked were not acceptable to the men of the Regiment the articles were not purchased, and articles brought by raiyats at the instance of the Civil Authorities were purchased instead.

5. The contractor complains that he suffered a loss of Rs. 87 and odd in having had to feed the fowls and sheep for a number of days, and in having had to resell them as well as the eggs at a loss, and claims compensation to that extent.

6. The Divisional Assistant Commissioner estimates the loss at Rs. 50 and recommends the payment of that amount and the Deputy Commissioner concurs in this recommendation.

7. In a report dated 4th March 1909, the Amildar of the Dodballapur Taluk expresses the opinion that the alleged losses of the contractor are very much exaggerated ; but this report was made more than a year after the occurrence and was based on personal recollections in the absence of the vernacular records, and is not consistent with reports made by the same Amildar immediately after the occurrence in question.

8. It has been argued that the indent of the Military Authorities was only meant as an indication of probable wants and that it imposed no obligation on the Military Department to buy the articles indented for and that there could, therefore, be no claim for compensation.

9. In regard to this argument it is observed that large quantities of articles like rice, ghee, eggs, fowls and sheep, etc., are not ordinarily obtainable in small villages and the supply must be procured from a distance. Such a supply might be arranged for either by engaging one or more contractors to supply the articles required or by the Civil Authorities exerting their influence to create a voluntary supply to meet the probable demand. Under the former system there must be on the one hand a guarantee that the articles indented for will be bought, and on the other that the articles required will be supplied without failure. A schedule of rates should also be drawn up by the Civil Authorities with reference to local conditions and this tariff of prices should be adhered to.

10. In the case of a voluntary supply the indent will be merely a statement of probable requirements. The Military will be under no obligation to buy the quantity indented for, but at the same time there will be no guarantee that the

Military, dated 7th August 1909.

articles required will at all be forthcoming. The prices will also be left to be settled by bargaining. In the present case, in the absence of any distinct intimation from the Military Department that it was the system of voluntary supply that they wanted to be arranged for, a contractor was engaged by the Civil Authorities to ensure the supplies being forthcoming.

11. In the circumstances Government consider that the contractor, Khader Sheriff, is entitled to be re-imbursed for the loss sustained by him, and they direct that a compensation of Rs. 50 be paid to him by the Military Department.

12. In future, when the Military Department requires the Civil Authorities to arrange for supplies, it should be made clear in the requisition which of the two systems described in para 9 is desired to be adopted and the indents should be framed as closely as possible to actual requirements.

Correspondence ending with letter No. 292, dated 4th February 1909, from the Deputy Commissioner, Chitaldrug District.

No. 300-9—MUZ. 83-07, DATED BANGALORE, 3RD AUGUST 1909.

ORDER THEREON.—The Sanehalli Matt in the Hosdurga Taluk is a Muzrai Institution endowed with inam lands.

2. In December 1906, Veeriah and other disciples of the Sanehalli Matt, applied for a license to take their Swami to collect kanike from disciples in the Hosdurga Taluk, with the marginally noted insignia and also with peons with belts and badges. This application having been opposed by the Agent of the Sirigere Old Matt on the ground that the Sanehalli Matt was not an independent Matt and that the Swami thereof was not entitled to the insignia claimed, the Deputy Commissioner and District Magistrate of Chitaldrug referred the matter to the Assistant Commissioner and 1st Class Magistrate, Davangere, for enquiry and report. The Assistant Commissioner Magistrate, after an exhaustive enquiry, recorded a finding that the Sanehalli Matt was not subject to the orders of the Sirigere Old Matt and that the Swami of the former Matt had been going in procession with the insignia claimed. Thereupon, the District Magistrate, Chitaldrug, being of opinion that the insignia claimed were ordinary ones, passed an order permitting the Swami of the Sanehalli Matt to go about with them disallowing, however, the use of belts and badges for peons on the ground that no previous orders of the Government or the District Magistrate had been produced authorizing their use in the Matt.

1. Palanquin.
2. Mena.
3. Red umbrella.
4. Aphtagiri.
5. Kahale
6. Chamara.
7. Bajabajantri.

It is against this order that the Agent of the Sirigere Old Matt has appealed to Government. The case was heard before Government, both parties being represented by Advocates. It is reported that the Swami of the Sanehalli Matt has a following not only in the Chitaldrug District, but also in parts of the Kadur District. From a perusal of the records, Government are of opinion that the Sanehalli Matt, whether independent of the Old Sirigere Matt or not, has a status warranting the use of insignia. They, however, think that it cannot use more insignia than the Sirigere New Matt, and accordingly direct that the Sanehalli Matt be restricted to the use of only the following insignia, *viz.*, mena, kempu chatri, kahale and bajabajantri.

Petition Registered No. D. 18, dated 12th October 1908, from Shamiah of Keladi, Sagar Taluk, appealing against the order of the Shimoga Deputy Commissioner *re* the shanbhogi of Sri Rameswaraswami temple at the place.

Letter No. 622—93, dated 19th May 1909, from the Deputy Commissioner, Shimoga District, reporting on the above.

No. 415—MUZ. 45-08-6, DATED BANGALORE, 10TH AUGUST 1909.

ORDER THEREON.—One Bharangi Subba Rao was the patel of the Keladi village and also the shanbhog of Sri Rameswara temple at the place. He was also getting a cash inam of Rs. 12-12-2. After his death the offices were registered in the name of his eldest son Sankarappa. Later on, he and his brothers agreed among themselves that Sankarappa should be the patel of the village, petitioner Shamiah, the shanbhog of the temple, and the other petitioner Gundappa should get the cash inam. Statements were made to this effect before the local authorities also; but, before the matter was finally disposed of, Shanbhog Sankarappa withdrew his statement and on account of this withdrawal, the local authorities could not give effect to petitioner's prayer to appoint him shanbhog of the temple.

2. Against this order, Shamiah has appealed to Government.

3. The case was heard before Government, petitioner alone being present. The counter-petitioner Patel Sankarappa and Putta Jois, his gumasta, for the temple shanbhogi, were absent though personally served with notices.

4. The chief question is whether the appointment of shanbhogi of Sri Rameswaraswami temple is a hereditary one. This seems to have been assumed without due enquiry. If, on enquiry, it is found to be such an appointment, there is nothing against the terms of a partition between the brothers being enforced. If the partition is admitted or proved, it seems to be a fair arrangement that one brother should have a pateli, and another, a shanbhogi. The petitioner may be appointed the shanbhog of the temple. If, on the other hand, the office is not a hereditary one, the petitioner's claim may be rejected.

5. The case is again remanded to the Deputy Commissioner for being disposed of after enquiry in accordance with the foregoing observations. The case may be disposed of either by the Deputy Commissioner himself or by the Assistant Commissioner, Sagar Division, if it is referred to him by the Deputy Commissioner.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appellant	*Vs.*	Respondent
Huliappa		Kempa

Subject.

This is an appeal against the order of the Deputy Commissioner of the Tumkur District to the effect that the parties and others were entitled to do Puje by turns in the Sri Ramadevaru temple at Doddapalanahalli in the Tumkur Taluk.

Facts of the case.

On the 27th April 1904, respondent Kempa and others presented a petition to the effect that they and appellant Huliappa had shares in the puje hak and were performing puje by rotation and that since seven or eight years, Huliappa had been performing the puje himself without allowing the other hissedars to work in their turn. The Amildar held an enquiry and reported that it was mamul to do puje by rotation. The Assistant Commissioner supported the Amildar's recommendation and the Deputy Commissioner concurred in this. Huliappa having appealed to Government, the case was remanded for recording, after further enquiry, a finding as to the relationship of the parties to each other and to the holders of the office. The Assistant Commissioner in charge of the Tumkur Taluk, after holding a regular enquiry, has recorded a finding to the effect that respondent Kempa upon whom the burden of establishing his title lay, was not a descendant of Dodda Pujari Rama, the original holder of the office, that he was probably descended from the latter's sister and could not, therefore, have any title to the archakship. The Deputy Commissioner has concurred in this finding.

Decision.

It is proved that appellant Huliappa has been in possession for more than twenty years of the pujari office in question. The testimony of witnesses examined by the Amildar in January 1907, also shows that he had been in enjoyment of it for a number of years. Whether he succeeded by right as an adopted son or merely as a foster-son of Ramakka, is not quite clear. But it is for the persons who oppose his claim to prove that they have a right to oust him. The evidence on the side of Kempa and Chama is vague and not trustworthy. As the appellant has been in adverse possession of the office in his own right for more than twenty years, the claim of the others should be rejected.

No. 504—Muz. 172-07-8, dated Bangalore, 18th August 1909.

Copy of the above is forwarded to the Deputy Commissioner, Tumkur District, together with the vernacular records received with his letter No. 808, dated 12th June 1909.

Petition Registered No. 932, dated 18th February 1909, from Muduveerappa of Baragenahalli, Nelamangala Taluk, appealing against the Muzrai Superintendent's order directing the levy of a fine of Rs. 10 from him for having removed earth for making bricks from a prohibited locality reserved for purposes of a burial ground in Baragenahalli belonging to the Sri Sivaganga Matt.

No. 514-19—Muz. 431-08-4, dated Bangalore, 19th August 1909.

Order thereon.—The petitioner, Muduveerappa, having unauthorizedly removed earth for preparing bricks for his house from Survey No. 21 of the Baragenahalli, an inam village in the Nelamangala Taluk belonging to the Sri Sivaganga Matt, the Muzrai Superintendent imposed a fine of Rs. 10 on him for this act, on the ground that it was doubtful if the provisions of Rule 19 of the Land Revenue Rules which authorized a raiyat to take earth free of cost for bricks for his house was binding on inamdars and also on the ground that the removal of earth from a land set apart for a specified purpose, *viz.*, for a burial ground in this case, was wrong. Petitioner has appealed against this order to Government.

2. In accordance with Government Order No. 694-7—Muz. F. 36-93, dated 23rd December 1893, the inam villages endowed to the Sri Sivaganga Matt are managed by the Muzrai Superintendent through the Amildars of the taluks in which the villages are situated, and the Muzrai Superintendent has been settling the jamabandi, disposing of darkhasts, takrar and pahani takhtas and appointing patels and shanbhogs, in fact, exercising in regard to these villages, the powers of a Deputy Commissioner. As regards villages of other Matts under Government Management, the Muzrai Superintendent does not exercise any such powers.

3. The Government are of opinion that the exercise of Revenue powers by the Muzrai Superintendent in the case of the Sivaganga Matt villages is anomalous, and are therefore pleased to direct in modification of Government Proceedings No. 694-7—Muz. F. 36-93, dated 23rd December 1893, that the Revenue administration of those villages do vest in the Deputy Commissioners and their subordinate Revenue officers. As the Muzrai Superintendent has to deal with the funds of the Matt, a statement showing the demand, collection and balance of the several Matt villages should continue to be forwarded to him every year regularly.

4. The Government are pleased to reduce the fine imposed on the petitioner to a nominal sum of Rs. 2.

Government Order No. 545-6, dated 4th January 1908, accepting the endowment by M. Vyasa Rao in favour of the Sri Srinivasa Devaru or Sri Venkataramanaswami temple at Hemagiri of his vritti in Dodda Yachenahalli, and requesting the Deputy Commissioner, Mysore District, to submit a scale of expenditure for sanction.

Letter No. 492, dated 21st June 1909, from the Deputy Commissioner, Mysore District.

No. 566-7—MUZ. 63-07, DATED BANGALORE, 21ST AUGUST 1909.

ORDER THEREON.—The income from the vritti at present is Rs. 189-4-6 and the donor has proposed an expenditure of Rs. 171-10-3 per annum as specified in the appended statement. This proposal is sanctioned.

2. The donor has also made over to the temple his share of the net income from Madhyaka Yachenahalli after the Government loan is discharged; and requests that this and any additional income that may be derived by the conversion into wet of dry lands in his vritti and of the gomal land of Dodda Yachenahalli which has to be equally apportioned among the four vrittis, may be used for Sevartha in the temple. The Deputy Commissioner is requested to see that the additional income is realized when it becomes due.

3. As the kandayam due by the raiyats for the year Kilaka (1908-9) has been recovered by the donor himself, the Nityakatle expenses will be incurred from 1st July 1910, after the kandayam for the current year is recovered. The Sevas in Dhanurmasa and at the Jatra should, however, be performed this year. Funds there for will be allotted on application in time.

4. As requested by the donor, a Committee consisting of the persons specified in the margin will be appointed to supervise the Seva in Dhanurmasa and to conduct the feeding at the Jatra, the allotment for the latter purpose being made to the shanbhog of Bandihole, who will be the President of the Committee.

Shanbhog of Dodda Yachenahalli village.
Rajachar at Kasaba Krishnarajpete.
Sreenivassiyya, son of Kesaviah at Kuppehalli.
Appajiah, shanbhog of Bandihalli.
Gavi Gowda, patel of Bandihole.

5. The amounts required for Nityakatle and Hechukatle expenses as per sanctioned scale will be drawn by the Amildar on monthly bills.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 3620—B., dated 26th May 1909, from the Comptroller, Public Works Branch, submitting with a memo a manuscript copy of the Administrative Accounts of Major Irrigation Works for the year 1907-08, treated as Supplemental to the Finance Accounts of the General Branch of the Public Works Department.

No. 650-1—5808-9, DATED BANGALORE, 6TH AUGUST 1909.

ORDER THEREON.—In para 1 of the Memorandum attached to the Administrative Accounts, the Comptroller explains that these accounts could not issue with the Finance Accounts owing to the delay in receipt of the required information from the Revenue Department; and remarks that in this respect there is very little improvement over the situation represented in the latter portion of para 1 of the Memorandum on the Accounts for 1906-07. This remark will be communicated to the Revenue Commissioner, with reference to the Public Works Secretary's letter No. 565—3872, dated 9th June 1908, in which he was requested to issue stringent orders to the Deputy Commissioners in view to the instructions conveyed in para 4 of Government Order No. 12251-60—R. M. 458-05-1, dated 23rd March 1906, being strictly attended to in future. The above complaint is one of old standing.

2. The Comptroller further states (para 4 of Memorandum) that the explanations of Deputy Commissioners for short revenue in certain cases are as usual wanting in many respects, and that it is not known what progress the Revenue Commissioner and the Chief Engineer have made in the investigation ordered in para 7 of Government Order No. R. 12251-60—R. M. 458-05-1, dated 23rd March 1906. The investigation referred to can be made only by the Revenue Commissioner and his attention will again be drawn to the matter.

3. With regard to working expenses, the Comptroller observes (para 5 of Memorandum) that the charges shall comprise not only the cost of the actual establishment maintained for channels and tanks but also a proportionate share of the staff, employed for revenue collection, and that the figures furnished by the Revenue Department do not include the latter. This proposal might be settled between the Comptroller and the Revenue Commissioner as it does not affect the Public Works Department directly.

4. The Comptroller also brings to the notice of Government (para 6 of Memorandum) that the constant revision of the figures relating to net revenue increase to date by the Revenue officers still continues. Such constant revision is of course open to objection. Its necessity is not apparent and the Revenue Commissioner will be requested to issue needful instructions to the Deputy Commissioners to ensure finality in the figures furnished under this head.

5. The fluctuations in revenue are explained in para 3 of the Memorandum referred to above and the reasons for the revenue falling short of expectations are given in the last column of the Administrative Accounts. In some cases, revenue particulars have not been furnished by the Deputy Commissioners as hitherto, while in others the information is said to be not available. In one case (*viz.*, that of Maddur Ane Channel) the Deputy Commissioner says that he is unable to furnish information for want of records in his office, and does not apparently intend to proceed further into the matter, though it would appear that the necessary records should be available in his taluk offices. The attention of the Revenue Commissioner will, therefore, be drawn again to the instructions contained in para 4 of Government Order No. R. 12251-60—R. M. 458-05-1, dated 23rd March 1906, and Public Works Secretary's letter No. 565—3872, dated 9th June 1908, already quoted in the foregoing paras, in view to his addressing the Deputy Commissioners again on the subject.

6. The abstract attached to the Administrative Accounts shows that for a total expenditure of Rs. 99,64,699 a net revenue of Rs. 2,63,527 was realized during the year 1907-08, after deducting working expenses of Rs. 72,056, which is 2·64 per

Public Works, dated 6th August 1909.

cent on the capital outlay. This may be considered a very fair return as the greater part of the expenditure has been actually incurred on the restoration and repair of old irrigation works to secure the existing revenue and not on new works at all. The revenue derived from the old works before their restoration is Rs. 4,18,791, and if they had not been restored and put in order there would have been naturally a good deal of deterioration in the works and decrease in the revenue.

7. One other point which should be borne in mind in this connection is that, from the capital expenditure of Rs. 99,64,699 referred to above, the realizations from acreage contributions and sale proceeds of Government waste lands have not been deducted, as these amounts are recovered and adjusted in the Civil Department and complete particulars therefor have never been made available to the Public Works Department. This is no doubt a mistake in procedure which should be corrected. The amounts from these sources roughly aggregate about Rs. 6½ lakhs according to a statement received last year from the Revenue Commissioner; but this statement is very incomplete, nor can it be accepted without further enquiry into details. If the complete realizations from contributions, etc., are taken into account and deducted from the capital outlay, the percentage of return will probably be very considerably increased.

8. The Comptroller will be requested to take into account the acreage contributions and sale proceeds of Government waste lands commanded by the irrigation works, in his future Administrative Accounts.

No. 383-4, DATED BANGALORE, 13TH AUGUST 1909.

ORDER THEREON.—It is observed from Dr. Smeeth's memo read above, that the two bungalows in question are occupied by the Inspector and Deputy Inspector of Mines and that in one of these buildings the office of the Inspector of Mines is also located. The water is therefore used not only by the occupants of the bungalows but also by the office establishments of the Inspector of Mines and the menial staff who are provided with quarters there. It is therefore not possible to actually apportion the charge to be paid by the officers, the officials and menials for the water used by them, and it is suggested by the State Geologist that a free allowance of 30,000 gallons per mensem, based upon the estimated rental value of the buildings and the proportionate free allowances sanctioned for bungalows in Bangalore, be allowed, and that the residing officers be called upon to pay for any excess over it.

2. The Government are pleased to sanction the State Geologist's proposal.

1. Government Proceedings No. 1228-9 (Geol.), dated 23rd October 1908, directing that the residential quarters and the office of the Inspector of Mines on the Kolar Gold Field be treated as quarters for the Inspector of Mines and Deputy Inspector of Mines, respectively, and rent be levied from the occupants at the rates prescribed for Government bungalows occupied by officers of Government.

2. Memos Nos. 120 and 12, dated 24th April and 21st July 1909, respectively, from the State Geologist in Mysore, and Secretary to Government, Geological Department, on the subject of the levy of rent on the official quarters of the Inspector and Deputy Inspector of Mines.

No. 386-7, DATED BANGALORE, 13TH AUGUST 1909.

ORDER THEREON.—In the matter of the rent ordered to be levied at the prescribed rates on the official quarters of the Inspector and Deputy Inspector of Mines on the Kolar Gold Fields, the State Geologist submits for the consideration of Government that these officers have been provided with official residences in close proximity to the Kolar Gold Field on which they are employed and have practically no option as to where they live, and that the case, therefore, falls under para 3 (1) of Government Order (P. W. D.) No. 383-415—3378-410, dated 24th June 1901 (since superseded by Order No. 291-324, dated 26th March 1908), that at the time the present Inspector and Deputy-Inspector of Mines were appointed it was understood that rent-free quarters would be provided for them and that this fact influenced the scale of salaries proposed for them.

2. In view of the above facts, the State Geologist suggests that no rents should be levied on the official quarters of the Inspector and Deputy Inspector of Mines, and that if Government are not disposed to make the quarters rent-free, the rent to be levied may be fixed at 5 per cent of the salary of the officers in accordance with Order No. 383-415—3378-410, dated 24th June 1901, instead of the limit of 10 per cent prescribed in Order (D. P. W.) No. 291-324—2149-82, dated 26th March 1908.

3. After duly considering the matter, the Government are pleased to direct that in the case of the present incumbents of the posts of the Inspector and the Deputy Inspector of Mines, Mr. R. Bocquet and Mr. L. H. Beckwith, the proposed maximum of 5 per cent of the salary may be adopted as a special case and that rent be regulated and levied accordingly with effect from 1st July 1909.

11	Pol 148 ...	9	First Asst. to the Hon'ble the Resident	With reference to his letter No. 2961, dated 17th May 1909, regarding the restriction on the import of foreign liquors into the State, observing that, under Excise Commissioner's Notification No. 2279, dated 24th August 1908, no liquor or intoxicating drug can be imported into the Mysore Territory without a permit from the Deputy Commissioner, that this restriction applies to foreign liquors also irrespective of their strength, that the Durbar have not issued any notification absolutely prohibiting the importation of foreign liquors weaker than 15° under-proof, that it has, however, been one of the conditions of licenses issued to dealers in foreign liquors in the State, that they should not sell liquor of weaker strength than 15° under-proof, and that this condition has been repeated in the Excise Commissioner's Notification No. 10754, dated 3rd June 1908, for the sale of foreign liquor licenses for a period of three years from 1st July 1908.
12	Fl 1025—S R 222-08-5 ...	11	Dy. Comr., Mysore ...	Observing that, for reasons explained, the levy of duty and penalty ordered by the Deputy Commissioner under Article 16 of Schedule I of the Mysore Stamp Regulation upon two sale deeds executed on stamp papers of Rs. 2 each by Raghavalu Naidu in favor of his daughters Kuppamma and Thayamma conveying to each of them half portion of a house in Mysore, does not appear to be justifiable.
13	Fl 1026—S R 270-08-4 ...	11	Excise Commissioner ...	Confirming the second sale to Annegowda of the toddy shops in the Mandya Taluk, with the observation that the cancellation of the first sale of the shops to Javaregowda and Kempegowda by the Deputy Commissioner after it had been duly confirmed by him was opposed to the conditions of the sale notification and was therefore irregular, that it is of paramount importance that the public confidence in the finality of auction sales in which reasonable bids have been received, should not be impaired and that the principle of independent or separate shop system has been violated at the re-sale by the toddy shops of the whole taluk being grouped together and sold in one lot.
14	Fl 1028—S R 33-09-2 ...	11	Chief Engineer ...	Forwarding a revised estimate submitted by the Stamp Commissioner in Mysore for the additions and alterations required for the portion of the Public Office Buildings, Bangalore, occupied by the Stamp Manufactory, with a request that the work may be taken on hand at once.

SECTION 5—POLICE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR AUGUST 1909.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	J 347—Police 23-09-2 ...	2	Dt. Magte., Shimoga, and Comptr.	Sanctions the bill for Rs. 100, being the fees due to Mr. Guru Rao, Public Prosecutor, Shimoga, for having conducted the prosecution of patel Rudrappa of Arakere in the Honnali Taluk.
2	J 351-3—Police 227-08-2...	2	I.-G. of Police, Comptr. and Dy. Comr., Kolar	Accords sanction, as a special case, to the action of the Deputy Commissioner of Kolar in having lent nine police constables to Messrs. John Taylor & Sons Committee, Kolar Gold Fields, for watching the armoury of the Rifle Volunteers, Kolar Gold Fields, and observes that the requisition made by Messrs. John Taylor & Sons Committee being of an exceptional character, and not falling strictly within the purview of Section 18 of the Mysore Police Regulation, 1908, the previous sanction of Government should have been obtained.
3	J 360—Police 18-09-2 ...	3	I.-G. of Police ...	In reply to his letter recommending that Jamadar Budan Khan of the Kadur District may be retired on invalid pension, states that sanction of Government is not necessary for retiring an officer on invalid pension.
4	J 356—Police 12-09-2 ...	3	Do ...	Observes that Government consider it inexpedient to accord sanction to the prosecution of the persons concerned in the infant marriage that is reported to have taken place at Sulikunte, since there is no satisfactory evidence in regard to the exact age of the bride at the time of the marriage.
5	J 361—Police 1-08 ...	3	Dt. Magte. of Mysore ...	Referring to the petition presented by Mr. Nagappa, Bar-at-Law, on behalf of Siddegowda and others living in Malvalli Taluk praying that the order of the District Magistrate of Mysore, permitting the Heggades of Aruvanahalli to celebrate the procession of god Biredevaru within the limits of that village, may be set aside, informs him that the petition is rejected on the ground that the order of the District Magistrate directing the issue of a license to the Heggades is under the circumstances found correct.
6	J 374-5—Police 27-09-2...	6	I.-G. of Police ...	Records his statement of rewards for good services amounting to Rs. 27, granted to police officers and men during the quarter ending the 30th June 1909.
